munitions work so she is sent to a factory that makes bombs the gruelling work and conditions leave her severely malnourished and emotionally traumatized but overriding all of this is her concern and determination to find out what happened to her vulnerable younger sister with rumours of the allies turning the tide in the war lida and her friends conspire to sabotage the bombs to help block the nazis war effort when her work camp is finally liberated she is able to begin her search to learn the fate of her sister in this exceptional novel marsha forchuk skrypuch delivers a powerful story of hope and courage in the face of incredible odds

it was tuesday 17 october 1939 britain had been at war with germany for more than a month and for only the second time the luftwaffe had dared to enter british airspace and at last james jim bazin s chance had come after joining the raf in 1935 jim was an experienced pilot when war broke out and he was eager to test his skills against the enemy this first combat was the start of a career which saw wing commander bazin as he was to become being posted to france with 607 county of durham squadron he fought there until the last days of the battle of france in the course of the campaign bazin had battled his way to becoming an ace he was also shot down behind enemy lines but successfully evaded capture to return to his squadron and resume the fight there was no respite for bazin as he was once again in the air defending britain s skies in his trusty hurricane as the luftwaffe sort to destroy fighter command in the summer of 1940 with ten kills to his name jim bazin was awarded the distinguished flying cross in october that year but merely driving off the luftwaffe was not enough for him he was posted to inverness where he served as a controller in 14 group s operations room which gave him a taste for offensive operations in time bazin volunteered to move to bomber command he duly undertook a conversion course in 1943 eventually joining 49 squadron as a lancaster pilot to take the war to the very heart of the enemy after commanding 49 squadron including taking part in bomber command s support of the d day landings bazin was promoted to wing commander leading 9 squadron on many attacks on special targets such as u boat pens viaducts refineries and most notably operating w famous dambusters against hitler s great battleship tirpitz unrelenting in his efforts against the enemy jim bazin was involved in operations against targets in poland and germany right up until the end of the war this culminated in the last major raf operation of the second world war when on 25 april 1945 bomber command attacked the berghof hitler s alpine retreat and other targets in berchtesgaden jim bazin was awarded the dso in september 1945 rightful recognition for a man who had done so much to bring about the defeat of the enemy

a visceral account of the white knuckled bombing mission carried out on hitler s hometown in april 1945 linz was one of nazi germany s most vital assets a crucial transportation hub and communications centre its railyards brimming with war materiel destined for the front lines linz was also the town hitler claimed as home inevitably it was one of the most heavily defended targets remaining in europe in their unheated unpressurized b24 liberator and b17 flying fortress heavy bombers the young men of the

us fifteenth air force battled elements as dangerous as anything the germans could throw at them when batteries of german antiaircraft guns did open fire the men flew into a manmade hell of exploding shrapnel drawing on interviews with dozens of surviving world war ii veterans and residents of linz as well as previously unpublished sources mike croissant compellingly relates one of the war s last truly untold stories a gripping chronicle of warfare and a timeless tale of courage and terror loss and redemption with a foreword by richard overby author of the bombers and the bombed

in 1943 ten year old lida is torn away from her home in the ukraine separated from her little sister larissa and sent to a slave labor camp in germany but when she is moved and set to making bombs she sees a way to strike back at the nazis

how close did hitler come to his dream of developing nuclear weapons what evidence is there for the design testing and production of such weapons and their carrier systems with this first volume in a series of at least three friedrich georg has begun to answer these questions in great detail the result is a groundbreaking new book on this topic this first volume describes the efforts of the luftwaffe and kriegsmarine to design and produce carrier systems for the nuclear weapons the scientists of the third reich were developing following an introductory section in which the author outlines the nazi atom bomb programme georg then investigates the enormous variety of craft the luftwaffe began to either adapt or develop anew that would be used to carry such weapons of mass destruction these included the search for an intercontinental amerikabomber including the innovative horten ho xviii lighter designs such as the arado ar e 555 messerschmitt p 1107 1108 and junkers ef 132 140 are also described the various atom bombs themselves are thoroughly investigated from the 1 ton to the massive 30 ton variety information about the variety of carrier systems being developed and in at least one case actually built by the kriegsmarine is also provided finally the author investigates the reasons why germany ultimately failed to produce the atom bomb appendices provide the most up to date research on a variety of topics including the small number of craft japan was developing to carry atom bombs and the soviet capture of german nuclear research centres in the baltic region at the end of the war throughout the author is keen to only rely on the most reliable sources and lays many myths to rest in the process the result is a truly compelling and groundbreaking work

by reputation kansas isn t the funniest place on earth but it has its share of humor in this book robert haywood reveals the lighter side of a state that s too often pegged a collection of sober minded moralists struggling to find utopia among the stars he explores what has passed for humor in good times and bad and divulges what makes kansans laugh

in 1940 the us army signal intelligence service broke the japanese diplomatic code in 1975 oshima hiroshi japan s ambassador to berlin during world war ii died never knowing that the hundreds of messages he transmitted to tokyo had been fully decoded by the americans and whisked off to washington providing a major source of information for the allies on nazi activities

adolf hitler had high hopes for his conquest of norway which held both great symbolic and great strategic value for the fuhrer despite early successes however his ambitious northern campaign foundered and ultimately failed adam claasen for the first time reveals the full story of this neglected episode and shows how it helped doom the third reich to defeat hitler and raeder the chief of the german navy were determined to take and keep norway by doing so they hoped to preempt allied attempts to outflank germany protect sea lanes for german ships access precious scandinavian minerals for war production and provide a launchpad for luftwaffe and naval operations against great britain beyond those strategic objectives hitler also envisioned norway as part of a pan nordic stronghold a centerpiece of his new world order but as claasen shows hitler s grand expectations were never realized gring s luftwaffe was the vital spearhead in the invasion of norway which marked a number of wartime firsts among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers although it got off to a promising start the german effort particularly against british and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the german war effort elsewhere and the northern theater s harsh climate and terrain claasen s study covers every aspect of this ill fated campaign from the 1940 invasion until war s end and shows how it was eventually relegated to a backwater status as germany fought to survive in an increasingly unwinnable war his compelling account sharpens our picture of the german air force and widens our understanding of the third reich s way of war

as the might and capabilities of american airpower have grown during the last 60 years so has the controversy about its use in the intentional and indiscriminate wartime bombardment of civilians in bombs cities and civilians conrad crane maintains that for the most part american airmen in world war ii remained committed to precision bombing

doctrine instead of attacking densely populated urban areas simply to erode civilian morale army air forces adhered to a policy that emphasised targeting key industrial and military sites he demonstrates that while the british germans and japanese routinely conducted indiscriminate aerial bombardment of enemy cities american airmen consistently stayed with daylight raids against carefully selected targets especially in europe daytime precision missions were usually far more dangerous than night area attacks but such army air forces tactics increased bombing efficiency and also reduced the risk of civilian casualties
