little is available in english on the procedural aspects of the polish criminal justice system and the tenets of its criminal process this authoritative new work addresses this gap it sets out an analysis of the founding principles its main phases and of those systemic and structural components which inform it taking an applied practical approach it surveys the process from beginning to end pre trial trial post trial questions of evidence and remedies are all clearly addressed the authors two acknowledged experts in the field also explore the role of more general rule of law standards of law questions that are currently impacting on the law and its interpretation comparative criminal lawyers will welcome this important new work

across economic political and security domains the growth of china s presence in africa has been swift and staggering which has fed both simplistic caricatures of china s role on the continent and fears of renewed geopolitical competition a closer look reveals a more balanced picture this report examines how china s growing engagement affects the united states role in africa and offers policy recommendations for u s military leaders

this book scrutinizes the role of hong kong in the expansive and contested vision of china s belt and road initiative bri in two main parts it first discusses the defining features of the bri and the evolving expectations of the role of hong kong in the bri from the perspectives of policy makers and the professional sectors of accountancy finance and the law the second part contemplates the potential opportunities for hong kong from the perspectives of recipient countries sri lanka vietnam cambodia and myanmar utilizing an action research approach and engaging the views of a broad spectrum of actors the authors observe the critical role of agency and innovations in a context of institutional contradictions the impact of bri governance structure for the deficits in international participation gaps between grand state visions and commercial interests and the salience of effective communication in navigating complex policy initiatives taking these together unpacks the complex processes shaping hong kong s participation and role in the bri this book will appeal to students and researchers interested in the bri and hong kong in the contexts of institutional contradictions agency innovations and political dynamics as well as sustainable development

standards and regulations are an integral if easily overlooked part of our daily life they determine whether a plug fits into a socket whether food is safe for human consumption or whether a bank is allowed to take deposits they are also an indispensable part of international trade using new evidence from itc databases this report reveals how standards and regulations are holding sme competitiveness back but crucially what smes and other stakeholders can do to make standards and regulations work for and not against smes in this report advice targeted at sme managers is presented as well as how trade and investment support institutions and policymakers can influence the business environment to boost competitiveness and integration into global markets

the countries that make up southeast asia are seeing an incredible resurgence in their economic power over the past fifty years their combined wealth has reached the same level as the united

kingdom and taken together they are on track to become the fifth largest world economy but that stability and success has drawn the attention of the second largest world economy china the emerging superpower is increasingly involved in southeast asia as part of the ongoing global realignment as china deepens its influence across the region the countries of southeast asia are negotiating spaces for themselves in order to respond to or even challenge china s power this is the first book to survey china s growing role in southeast asia along multiple dimensions it looks closely and skeptically at the multitude of ways that china has built connections in the region including through trade foreign aid and cultural diplomacy it incorporates examples such as the operation of confucius institutes in indonesia or the promotion of the concept of guangxi china s footprints in southeast asia raises the question of whether the chinese efforts are helpful or disruptive and explores who it is that really stands to benefit from these relationships the answers differ from country to country but as this volume suggests the footprint of hard and soft power always leaves a lasting mark on other countries institutions
