this title considers whether any generalisations can be made about word order in language the chapters written by international scholars draw on data from several disharmonic and typologically distinct languages including mandarin chinese basque french english hixkaryana a cariban language khalkha mongolian uyghur turkic and afrikaans

the literature on balaghah the art of arabic eloquence and commentaries on the qurʾān stress that the style of the qurʾān is beautiful eloquent and inimitable this literature identifies word order as one of the most distinctive aspects of qurʾānic style one of the main reasons for this is that compared to english arabic has fewer restrictions on word

order thanks to its elaborate verb inflection system and case marking this flexibility allows for the foregrounding of some elements within the sentence resulting in a marked or non canonical word order and fulfilling certain discursive functions including specification restriction emphasis amplification glorification and denial marked word order is used to highlight or downplay certain elements in speech or writing it constitutes one way of delivering meanings to the addressee as these meanings are ordered in the mind of the speaker in terms of their importance making the style a precise reflection of the speaker's mind and feelings this book is a descriptive study which attempts to examine how translations of the qurʾān have handled ʾayahs verses of the qurʾān that feature lexical foregrounding focusing on ten published translations into english carried out by translators from different ideological and linguistic backgrounds it offers a systematic comparison of the ways in which the selected translators deal with the linguistic feature of word order variation and examines issues relating to the translator's style specifically the book identifies and examines the following instances of marked word order discussed by commentators on the qurʾān and the function served by each case of lexical foregrounding secondly the options and or patterns employed by translators to render the different functions of marked word order thirdly the recurrent options and or patterns for rendering different types of word order variation finally the book explores the factors which may have influenced the choice of particular strategies by different translators including the translators motivations and the various historical contexts in which the translations were made

seminar paper from the year 2002 in the subject english language and literature studies linguistics grade 13 a university of cologne language english abstract introduction in comparison to english the german language does not seem to have a specific word order the distinction between grammatical functions like subjects or objects is mainly due to case inflection and prepositions for that reason word order in german sentences can vary to some extent without a fundamental change in meaning in the following analysis of german syntax we are going to consider a possibility of finding the basic german word order on the basis of the government and binding theory a widely accepted approach to syntactic analysis we are going to argue that the structure of a subordinate clause underlies every german sentence in doing so we will find that the position of the verb will play a pivotal role with the help of a clear characterisation it becomes easier to understand german syntax and to contrast it with other languages such as english although the two languages are closely related in historical terms german sentence structure differs from english svo subject verb object word order which we will examine in chapter iii but before we can embark on the study of english and german syntax we need to introduce a considerable amount of terminology and syntactic principles which will form the necessary set of rules in our subsequent analysis kurzer Überblick auf deutsch diese arbeit sucht auf der grundlage der government and binding theory nach der basisstruktur eines jeden deutschen satzes während in der englischen sprache die subjekt verb objekt struktur vorliegt und man mit blick auf deutsche hauptsätze gleiches im deutschen vermuten könnte so bringt diese arbeit eine vielzahl von argumenten die eine subjekt objekt verb struktur in der deutschen sprache nahe legen ungläubig eine kurze Übersetzung von to sing a song oder to watch a movie verdeutlicht die unterschiedliche wortstellung in den beiden sprachen bereits ganz gut

this book covers the following topics what is repetition of words structure 1 word and word structure 2 comparative and comparative structure 3 word after word structure 4 word by word structure 5 word to word structure 6 word on upon word structure 7 word against of for in with word structure 8 the more less etc the more less etc structure 9 combination of the same words structure 10 repetition of various words structure 11 repetition of words more than once structure 12 repetition of group of words structure 13 repetition of two different words structure 14 miscellaneous patterns exercises 1 a and 1 b exercises 2 a and 2 b what is repetition of words repetition in the english language is the repeating of a word within a sentence in order to provide emphasis repetition of words could be classified into many groups based on the placement of the words in a sentence different terms have been devised to denote different kinds of repetitions some of these terms are as follows adnomination

conduplicatio diacope epistrophe mesodiplosis palilogia polyptoton symploce etc not going into the details of these hard to pronounce terms i have covered only the most popular patterns of repetition of words in this book structure 1 word and word this pattern is generally used to show continuation or repetition of an activity or presence of many things or people of the same kind 1 she asked and asked about the money 2a stars planets and galaxies emerged and evolved billions and billions of years ago 2b they have got billions and billions of dollars lying around in vaults 3 there has been campaign and campaign against us for a very long time 4 wastage of water must be discouraged and discouraged 5 workers dug and dug the road 6 we have eras and eras coming 7 he called after her where are you going she went further and further 8a his confidence grew and grew 8b once he started telling family about his challenge the support just grew and grew 9a how long did the match last oh hours and hours 9b oats are a complex carbohydrate which means they will fuel your body for hours and hours 10 merit and merit alone can be criteria 11 the road went on for miles and miles 12 my travel plan was mired and mired in utter confusion 13 he has nurtured and nurtured his reputation as a master tactician 14 they played and played cards all night note a again and again meaning many times she was wiping her tears again and again many people do not repeat their mistakes again and again b by and by meaning after a short period before long soon eventually by and by you will make your deficiency the hours just kept on going by and by c half and half meaning in equal parts we are lucky that it is affordable rent and sharing half and half helps d less and less meaning continuing to become smaller we are having less and less snow each year old people seem to sleep less and less actually e more and more meaning continuing to become larger in amount or number you always ask for more and more more and more girls are giving priority to their careers f neck and neck meaning level with somebody in competition democrats and republicans were neck and neck on 50 seats these two candidates are neck and neck in recent polls note great stress word and word and word 1a he just smacked him with a ruler again and again and again 1b if at first you don't succeed try again and again and again 2 their pain and the anger grew and grew and grew 3 they are paying him millions and millions and more millions 4 there is a huge problem in this town and it has been going on and on and on

this monograph discussing various aspects involved with a typology of word order strives to take a next step towards a better understanding of the profound unity underlying languages the volume is divided into five sections 1 word order typology 2 a critical analysis of word order typology 3 word order within comparative constructions 4 word order in the comparative construction in the rigveda 5 diachronic aspects of word order withing comparative constructions

sentence types and word order patterns in arabic have been a matter of debate and controversy for a long period of time they were hotly discussed by the medieval arab grammarians and continue to be a major topic of discussion among modern scholars this book describes the development of the medieval grammarians theory of sentence types a development from the theory of amal which lies at the heart of medieval arabic grammatical tradition each major topic is discussed with a view to explore the basic principles underlying the medieval grammarians arguments special attention is given to conceptual problems arising from conflicts with the theory of amal this is followed by an assessment of the contributions made by modern scholars to the analysis and description of the constructions involved modern arabists and linguists are shown to have concentrated on word order patterns rather than on sentence types placing special emphasis on the functional aspects of word order variations in arabic

traditionally due to the availability of technology psycholinguistic research has focused mainly on western languages however this focus has recently shifted towards a more diverse range of languages whose structures often throw into question many previous assumptions in syntactic theory and language processing based on a case study in field based comparative psycholinguistics this pioneering book is the first to explore the neurocognition of endangered object before subject languages such as kaqchikel and

seediq it draws on a range of methods including linguistic fieldwork theoretical linguistic analysis corpus research questionnaire surveys behavioural experiments eye tracking event related brain potentials functional magnetic resonance imaging and near infrared spectroscopy to consider preferred constituent orders in both language and thought examining comprehension as well as production in doing so it highlights the importance of field based cross linguistic cognitive neuroscientific research in uncovering universal and language particular aspects of the human language faculty and the interaction between language and thought
