as in any area where little is known and much feared or suspected bring up the subject of coyotes and myths and half truths fly this book will deflate the myths and illuminate and share the truths once just a colorful supporting character of t

Myths And Truths About Coyotes What You Need To Know About America S Most Misunderstood Predator

coyotes hold a peculiar interest as both an enduring symbol of the wild and a powerful predator we are always anxious to avoid this book examines the spread of coyotes across the country over the past century and the storm of concern and controversy that has followed individual chapters cover the surprisingly complex question of how to identify a coyote the real and imagined dangers they pose their personality and lifestyle and nondeadly ways of discouraging them

what s that howling in the night is it a neighborhood dog or maybe a wolf no it s a coyote readers will meet the mysterious coyote the canine unique to north and south america they ll learn incredible facts about these clever creatures such as that they are likely the first animals ever domesticated by humans they ll review coyote habitats adaptations diet and other key information about this highly intelligent species vivid photographs and graphic organizers support this adventurous narrative

nine essays speak of this mischievous macho and mysterious desert animal photos depict the unique relationship between humans and coyotes

at age 49 san francisco businessman macdonald mac coyote nearly loses his life when he lands in the hospital with severe high blood sugar the doctors diagnose him with diabetes and only through the miracle of modern medicine does he survive but when he realizes he s been given a second chance mac discovers that he has the will to do the impossible what the greeks call pleonexia and he s going to leave his high end lifestyle for something better over his wife s objections they and their dog move out of the city and homestead thirty acres in california s high sierra wilderness the next few months bring encounters with bureaucracy inept and hostile workers blizzards and forest fires as mac s flatlander dream turns into a nightmare he publishes a book of poems to great reviews and negligible sales but he also grows cynical and grouchy maybe the impossible really is impossible mac wants to give up and move back to the city but his wife loves their little cabin in the forest and refuses to leave it s during a one hundred year flood that mac manages to pull off a miracle in the finest tradition of magic realism and discovers what it s truly like to be alive

discusses controversial attempts to control the coyote population of the united states

**Myths And Truths About Coyotes What You Need To Know About America S Most
Misunderstood Predator**

coming for you a note impaled by a knife on bill cloudman s door tells the former tribal agent a murderer has escaped the vicious madman who murdered bill s partner and cost bill the community s trust and his job is on the loose in the south dakota badlands again bill vows to put him behind bars once and for all but when the woman he loved and lost returns to eagle rock reservation as a newspaper reporter determined to restore her own reputation with the story bill has to protect her and his guarded heart

included in this book are poems and short prose primarily focused on historical events such as kansas state history and the american civil war as well as morally instructive poems on topics such as temperance and patriotism

public lands ranching is it a harmless romantic remnant of the old west or is it the rural west s most destructive influence controversy rages continues to spread some are saying this will be the next major environmental struggle in the western united states waste of the west is probably will remain the most complete account of public lands ranching ever assembled with easy reading text more than 1000 photos drawings cartoons graphs charts on 600 8 1 2 x 11 pages lynn jacobs explores every facet of this obscure yet vitally important issue chapters introduce public lands ranching describe its historic present situations detail its economic welfare ranching political social cultural especially environmental impacts discuss livestock abuse take a global livestock production tour discredit the many excuses stockmen use to justify their 100 year reign over the rural west predict the future present alternatives provide many ideas on what people can do to help end this destructive unjust situation final pages offer ideas for activism contacts public lands ranching statistics inspirational quotations a 500 source bibliography a thorough index waste of the west is for people who care about nature as much as an eye opening educational tool it is a call to action

this study examines the new ecological dimensions of the regional impulse in the poetry of three major contemporary poets of the pacific northwest of the united states the study opens with a survey and analysis of the discussion of a general regional aesthetic in poetry in the northwest during the 20th century and argues that the important development visible in the regional impluse since world war ii in these poets has less to do with an earlier regional aesthetic than with the elements of an ecological metaphor strategies of

Myths And Truths About Coyotes What You Need To Know About America S Most Misunderstood Predator

expressing the metaphor within the context of their common region is explored it is argued that in the poetry the ecological metaphor conveys a new view of the relationship between man and non human nature between man and place in which man is seen as an integrated and inseparable part of the natural systems of a region this poetic metaphor is ethical in that it voices a concern about the destruction of the natural environment suggests a model of ecologically correct behaviour and envisages a harmonious balance where the human and non human meet as equals integrity of the non human world the poetry tends to reject images and emblems of our contemporary industrial technological society and to harken back not only to earlier romantic and transcendental currents in poetry but more significantly to the vision of man s place in nature as traditionally perceived by native americans finally the study concludes with a brief survey of other northwest poets who emphasize regional and or ecological themes including a glance at three prominent northwest native american poets and a brief discussion of the political dimensions of this metaphor

the author describes the experiences that he and his family had as they raised two coyote pups from infancy until they were ready to mate several years later
