this book will walk you through over 20 pranks step by step quick and funny pranks that can be used at the fire station dorm room home at a friends house or anywhere a clever prank is appreciated

inside the life of a hacker and cybercrime culture public discourse from pop culture to political rhetoric portrays hackers as deceptive digital villains but what do we actually know about them in hacked kevin f steinmetz explores what it means to be a hacker and the nuances of hacker culture through extensive interviews with hackers observations of hacker communities and analyses of hacker cultural products steinmetz demystifies the figure of the hacker and situates the practice of hacking within the larger political and economic structures of capitalism crime and control this captivating book challenges many of the common narratives of hackers suggesting that not all forms of hacking are criminal and contrary to popular opinion the

broader hacker community actually plays a vital role in our information economy hacked thus explores how governments corporations and other institutions attempt to manage hacker culture through the creation of ideologies and laws that protect powerful economic interests not content to simply critique the situation steinmetz ends his work by providing actionable policy recommendations that aim to redirect the focus from the individual to corporations governments and broader social issues a compelling study hacked helps us understand not just the figure of the hacker but also digital crime and social control in our high tech society

practical jokes and pranks can be fun to plan and even more fun to carry out readers are introduced to safe and funny tricks and jokes that they can use on family and friends in this creative diy guide as they explore each set of step by step instructions they master another round of hilarious hijinks while also practicing independent reading and following directions safety tips and materials lists help ensure that each prank happens safely and successfully and colorful photographs make this reading experience even more enjoyable

the definitive single volume compendium of all things princeton

following up on professor wood s 2016 beyond the ballpark the honorable immoral and eccentric lives of baseball legends which was listed in sport s collector digest s top forty baseball books of 2016 he examines twenty five additional legends included are such notables as the lovable yogi berra stan musial and gil hodes the feisty billy martin the complex ted williams the tragic shoeless joe jackson the delightful pepper martin and the crook hal chase wood tracks down how these players acted away from the ballpark and the circumstances surrounding their deaths the author also includes his pictures of all the gravesites except for two who were not interred there is much funny and sad stuff here

prank science explores the surprising science and psychology behind harmless practical jokes arguing that their success stems from a careful balance of surprise cognitive dissonance and shared understanding the book reveals how pranks often dismissed as mere mischief are actually carefully engineered social experiments that offer insights into human behavior for example the element of surprise in a prank triggers specific neurological responses while successful pranks often exploit cognitive biases to create humor the book begins by establishing the historical and social context of pranks then moves to dissecting the psychological mechanisms behind different types of pranks using case studies and experimental psychology it examines how timing target selection and the element of surprise contribute to a prank s effectiveness finally the book considers the ethical dimensions of pranking navigating the line between harmless fun and potentially harmful actions

from chris rylander author of the breakout hit the fourth stall saga comes the second book in the codename conspiracy series a funny and clever mash up of middle grade school story and spy adventure ever since carson fender was let go by the secret agency that had enlisted his services to help foil a nefarious plot perpetrated by one of their former agents he s been back to

hanging with his friends pulling pranks and not having to lie to everyone about how he s spending his days and that s for the best isn t it of course this was all before a note showed up in his school lunch informing him that agent nineteen had three days left to live and that there might still be someone inside the agency working against them carson has always been able to rely on his friends but what happens when there s no one left to trust

prank star 100 jokes and pranks is full of jokes and gags galore from the top selling book in the prank star series

subject matter derived from the behavioral social and biological sciences education and the humanities

contains instructions for practical jokes that young boys can perform on their own
