the number of books and articles dealing with various aspects of world war ii has increased at a phenomenal rate since the end of the hostilities perhaps no other chapter in this bloodiest of all wars has received as much attention as the holo caust the nazis program for the final solution of the jewish question this ideologically conceived diabolical plan for the physicalliquidation of european jewry has emerged as a subject of agonizing and intense interest to laypersons and scholars alike the centrality of the holocaust in the study of the third reich and the nazi phenomenon is almost universally recognized the source materials for many of the books published during the immediate postwar period were the notes and diaries kept by many camp and ghetto dwellers who were sustained during their unbelievable ordeal by the unusual drive to bear witness these were supplemented after the liberation by a large number of personal narratives collected from survivors ali over europe understandably the books published shortly after the war ended were mainly martyrological and lachrymological reflecting the trauma of the holocaust at the personal individual level these were soon followed by a considerable number of books dealing with the moral and religious questions revolving around the role of the lay and spiritual leaders of the doomed jewish communities especially those involved in the jewish councils as well as god s responsibility toward the chosen people

these essays offer a range of approaches central to the performance of french piano music of the nineteenth and twentieth centuries the contributors include scholars

and performers who see performance as a practice enriched by a wealth of historical and analytical approaches each author considers examples drawn from a particular repertoire or composer themes that emerge demonstrate the importance of editions as a form of communication the challenges of notation the significance of detail and of deeper continuity the importance of performing and teaching traditions and the influence of cross disciplinary frameworks

the essays in this volume fall within a chapter on one of the foundational law subjects on the degree syllabus and aim to provide an account of feminist approaches to each of the following areas contracts torts land law equity and trusts criminal law public law and european law

this book examines the ethics of end of life care focusing on the kinds of decisions that are commonly made in clinical practice specific attention is paid to the intensification of treatment for terminal symptoms particularly pain relief and the withdrawal and withholding of care particularly life saving or life prolonging medical care the book is structured into three sections the first section contains essays examining end of life care from the perspective of moral theory and theology the second sets out various conceptual terms and distinctions relevant to decision making at the end of life the third section contains chapters that focus on substantive ethical issues this format not only provides for a comprehensive analysis of the ethical issues that arise in the context of end of life care but allows readers to effectively trace the philosophical theological and conceptual underpinnings that inform their specific interests this work will be of interest to scholars working in the area as well as clinicians specialists and healthcare professionals who encounter these issues in the course of their practice

in the aftermath of recent multiple leaks such as the panama papers the swiss leaks the lux leaks and the bahama leaks this book offers an interesting view on the underlying conflicting interests that impede the adoption of more effective legislation to stop money laundering by way of the financial system the central

position of the book is that the declared goals underlying the criminalization of money laundering have not been fulfilled the effectiveness of the anti money laundering regime in germany is assessed by examining the indirect effects collateral consequences and positive interpretations of the law in action and of the law inaction reducing the issue to a question of symbolic effectiveness does not reflect the complexity of the matter what is demonstrated is that the goals attributed to the regime were too ambitious and that a lower degree of effectiveness has been accepted in order to balance the inherent political economic and financial conflicting interests unlike other volumes focusing on this issue this book deals with the implementation of the legislation and the consequences thereof and is primarily aimed at legal sociologists sociology of law researchers criminal lawyers criminologists with an interest in white collar crime and political scientists studying measures against illicit financial flows and the concrete implementation of anti money laundering laws the book will be of interest to both international policymakers and consultants as well as their counterparts in germany for instance working on improving the instruments to fight organized crime and prevent the financing of terrorism through money laundering the complexity of the anti money laundering regime and all the variables are exhaustively and critically reviewed in the assessment thereby providing complete instructions for future legislative steps the case study regarding the situation in germany maximizes readers insights into concrete effects of the implementation of international anti money laundering standards at a national level and the opinions of professionals working in the field and of experts on the law making process are also illuminating moreover the book equips non german speakers with the information needed to deal with the extensive german legal scholarly production on article 261 of the german criminal code and the current internal political debate on the matter verena zoppei is a fellow researcher at the international security division of the german institute for international and security affairs in berlin specific to this book broadens your understanding of the complexity of the anti money laundering regime provides complete instructions for future legislative steps offers a qualitative and multidisciplinary approach of the money laundering offence

also equips non german readers speakers with a handle on the extensive german legal scholarly production on article 261 of the german criminal code this is volume 12 in the international criminal justice series

this book synthesizes the best of the new research related to anxiety disorders and how they are classified and diagnosed dr dean mckay and his co editors have brought together leading authorities from multiple theoretical traditions to present the new directions and perspectives in the field of anxiety research the contributors also discuss why current classification systems are inadequate and what revisions should be made the book presents in depth discussions of how anxiety disorders are understood and assessed as well as potential new implications for dsm v key features covers the existing descriptive approach to the study of anxiety disorders its adequacy in diagnosis and its limitations discusses the major theoretical and methodological approaches used to assess anxiety such as fear circuitry taxometric methods actigraphy neuroscience and behavioral genetics reviews diagnostic and classification controversies that center on specific anxiety disorders such as obsessive compulsive disorder social anxiety posttraumatic stress disorder and worry this book covers the full spectrum of theoretical and empirical approaches used in the study diagnosis and classification of anxiety problems in short this volume serves as the authoritative reference book on the conceptualization and diagnosis of anxiety disorders

this book is a multi faceted collection of readings focused on the biblical historical cultural and strategic dimensions of the task of world evangelization the editors have pooled the contributions of over 70 authors to provide laymen and college students with an introduction to the history and potential of the world christian movement a movement of men and women who have responded with courage and conviction to the challenges of this task back cover

in developing countries labour markets play a central role in determining economic and social progress since employment status is one of the key determinants of

exiting poverty and promoting inclusion yet the reality in most developing countries is that the labour market fails to create the jobs in the formal economy that would help individuals and their families prosper in recognition of these challenges governments and other stakeholders in developing countries have increasingly prioritised policies and programmes to promote decent work however this requires navigating a range of complex issues and debates surrounding the linkages between development processes and labour market outcomes this volume consists of three main thematic parts part i provides a broad overview of key issues including characterising the employment challenge in developing countries and the link between economic growth distribution poverty and employment drawing on the literature and country examples part ii analyses the specific topics of wages migration and education the final section shifts to a more normative focus addressing labour market institutions and policies along with systematic approaches to quantifying labour markets in developing countries perspectives on labour economics for development is an invaluable reference for policy makers in middle and low income countries as well as an ideal handbook for teachers and students of economics and development

a revolutionary title for and by the global community this exciting first edition of global perspectives on the bible edited by mark roncace and joseph weaver collects writings from a variety of geographic social cultural political economic and religious settings the book features forty chapters each comprised of four short accessible essays on a specific biblical text this design creates a focused dynamic conversation of perspectives which will in turn prompt engaging conversations in the classroom students will learn about themselves and their own particular context as they explore the ideas and contexts of other biblical interpreters from around the globe in addition to presenting truly fresh interpretations of the bible this is no predictable compendium of scholarly essays the book features discussion questions at the end of each chapter as well as many additional questions in the instructor s resource manual learning goals upon completing this book readers will be able to approach the bible with a better understanding of how the text means different things to different
