the oxford handbook of ancient anatolia is a unique blend of comprehensive overviews on archaeological philological linguistic and historical issues at the forefront of anatolian scholarship in the 21st century anatolia is home to early complex societies and great empires and was the destination of many migrants visitors and invaders the offerings in this volume bring this reality to life as the chapters unfold nearly ten thousand years ca 10 000 323 bce of peoples languages and diverse cultures who lived in or traversed anatolia over these millennia the contributors combine descriptions of current scholarship on important discussion and debates in anatolian studies with new and cutting edge research for future directions of study the 54 chapters are presented in five separate sections that range in topic from chronological and geographical overviews to anthropologically based issues of culture contact and imperial structures and from historical settings of entire millennia to crucial data from key sites across the region the contributors to the volume represent the best scholars in the field from north america europe turkey and asia the appearance of this volume offers the very latest collection of studies on the fascinating peninsula known as anatolia

under the banner of the baa every corner of turkey has been investigated uncovered and published by british archaeologists this book is a wonderful reflection of its work from the neolithic site at catalhoyuk to the tell at beycesultan all of the baa s excavations are discussed by their original excavators from the pisidian survey to clive foss epic trek through the medieval castles of anatolia generations of scholarly wanderings are accounted for object and archival research are not neglected j d hawkins describes his research into hieroglyphic luwian inscriptions while j d winfield presents byzantine wall paintings illustrated in this book with colour plates

what sparks curiosity about ancient anatolia which makes up most of modern day turkey in the minds of history lovers is the diversity of its peoples throughout its territories and time

this volume brings together the latest reports on archaeological projects including excavation and survey from all periods and every region of anatolia it is a forum in which scholars present their most recent data to a global audience allowing for productive engagement with others working in and near anatolia regarding discoveries and interpretations the series offers a venue where recently concluded projects may provide an overview of results often years ahead of the final publication of complete site reports published every two years the archaeology of anatolia recent discoveries series is an invaluable vehicle through which working archaeologists may carry out their most critical task the presentation of their fieldwork and laboratory research in a timely fashion

very well written and very readable presented with the mastery and wisdom of long and intimate experience it will awaken and stimulate the

interest of lay readers provide a welcome historical frame that is lacking in most accounts of anatolian archaeology and be an instructive and delightful companion for professional scholars crawford h greenewalt jr university of california berkeley

this fourth volume in the archaeology of anatolia series offers reports on the most recent discoveries from across the anatolian peninsula periods covered span the epipalaeolithic to the medieval age and sites and regions range from the western anatolian coast to van and on to the southeast the breadth and depth of work reported within these pages testifies to the contributors dedication and love of their work even during a global pandemic period the volume includes reviews of recent work at on going excavations and data retrieved from the last several years of survey projects in addition a state of the field section offers up to the moment data on specialized fields in anatolian archaeology

this book takes a bold new approach to the prehistory of homeric epic arguing for a fresh understanding of how near eastern influence worked

this third volume in the archaeology of anatolia series offers reports on the most recent discoveries from across the anatolian peninsula periods covered here span the epipalaeolithic to the medieval and sites and regions range from the western anatolian coast to van as well as the southeast the contributors offer nearly real time updates on their ongoing excavations and surveys across the anatolian landscape a new section in this third volume the state of the field presents the latest findings in critical areas of anatolian archaeology the archaeology of anatolia series represents a forum for scholars to report their most recent data to a global audience allowing for productive engagement with others working in and near anatolia published every two years it is an invaluable vehicle through which working archaeologists may carry out their most critical task the presentation of their fieldwork and laboratory research in a timely fashion

this title provides comprehensive overviews on archaeological philological linguistic and historical issues at the forefront of anatolian scholarship in the 21st century

embark on a thrilling journey back in time with mysteries of ancient anatolia hittites phrygians and lydians by history enthusiast and recognized storyteller sophie rivera this intriguing report unveils the forgotten stories vibrant cultures and significant lore of the majestic civilizations that once thrived in the land we now know as turkey delve into the hittite empire s origins laid out in the mystic lands of bronze age anatolia learn about their imperial glory religious practices and cultural norms that made them one of the most fascinating civilizations of their time witness the advent of the phrygians famed for their monumental architectural designs and gain insights into their influential music and art that echo from the

past experience the innovation and sophistication of the lydians the pioneers of coinage and trade their economic acumen forever transformed the ancient world and its understanding of commerce sophie s deep rooted passion for history and her ability to weave compelling narratives make this special report a captivating read for both history enthusiasts and casual readers keen to expand their knowledge so prepare to step back in time and embark on an enlightening journey through the annals of ancient glory don t miss out on this enchanting expedition into the forgotten times of anatolia buy this special report today and gain a new perspective on the past

includes pictures includes ancient accounts and passages about the civilizations includes a bibliography for further reading whoever after me becomes king resettles hattusas let the stormgod of the sky strike him a hittite inscription found at the capital city of hattusa the pages of world history textbooks contain a litany of lost empires and civilizations but usually upon further review it is revealed that these so called lost empires are often just lesser known cultures that had a less apparent impact on history than other more well known civilizations when one scours the pages of history for a civilization that was inexplicably lost but had a great impact during its time very few candidates can be found but the hittites are a notable example in fact the hittites are an ancient people who remain somewhat enigmatic and perhaps little known to most people but their influence on the ancient near east is undeniable from high on their capital of hattusa in central anatolia the hittites were able to conquer and control a kingdom that roughly comprised the area of the modern nation states of turkey syria and parts of iraq and lebanon through a combination of brute military force and shrewd diplomatic machinations compared to some of their contemporaries including the egyptians assyrians and babylonians the hittites were somewhat distant both culturally and geographically with that said the influence of the hittites on the politics economy and overall situation of the ancient near east cannot be understated the hittites were a force to be reckoned with while they existed the sources used to reconstruct hittite history and chronology are many and varied and since the hittites were a literate people who developed a fairly sophisticated corpus of literature ancient hittite archives can be used to reconstruct events the egyptian sources also provide excellent details on events that either the hittites refused to mention in their own texts have not been discovered yet or have been lost to the ages of course modern archaeology has also helped to fill in the knowledge about hittite civilization especially in regards to palace and religious life in the ancient capital of hattusa of all the empires and kingdoms in the ancient world few could compare with the lydians in terms of wealth and opulence from the early 7th century bce until the middle of the 6th century bce the lydians played an important role in the history of the eastern mediterranean region as they took on the role of middleman between the empires of the near east and the emerging hellenic civilization in greece from their capital in sardis the lydian kings traded and made alliances and war with numerous kings tyrants and generals which ultimately cemented their role as a brief but historically important people and kingdom in the ancient world the lydians were fortunate enough to possess

large deposits of precious metals within in their territory but how they exploited and utilized those resources is what truly made them successful they were the first people to invent a currency which not only allowed them to create a thriving economy within their own territory but gave them tool with which to influence both their friends and enemies abroad the wealth of lydia impressed non lydians to the point that even the most sublime greek philosophers who generally eschewed wealth praised the high culture of lydia and the lydian people in general and the greatness of their capital city of sardis in particular lydia was also successful because its kings were shrewd politically savvy men who knew the supreme art of diplomacy but ultimately despite their wealth and guile the lydians found themselves the victims of the achaemenid persian juggernaut which consumed their kingdom along with many others in the mid 6th century bce

anatolian studies are currently flourishing in all their linguistic epigraphic and archaeological dimensions with the incorporation of new young scholars new discoveries and different perspectives of analysis that enrich and deepen this wide ranging and interdisciplinary field of study this is why we are pleased to offer the present volume which is not only devoted to the anatolian divinities but also explores some very interesting linguistic and epigraphic novelties in the anatolian languages written by relevant scholars working in the field the articles in this volume cover a broad chronological spectrum from the second and first millennia bc
