using a three part structure focused on the major historical subjects of the inquisition the reformation and witchcraft christopher kissane examines the relationship between food and religion in early modern europe food religion and communities in early modern europe employs three key case studies in castile zurich and shetland to explore what food can reveal about the wider social and cultural history of early modern communities undergoing religious upheaval issues of identity gender cultural symbolism and community relations are analysed in a number of different contexts the book also surveys the place of food in history and argues the need for historians not only to think more about food but also with food in order to gain novel insights into historical issues this is an important study for food historians and anyone seeking to understand the significant issues and events in early modern europe from a fresh perspective

many states in the asia pacific region are not built around a single homogenous people but rather include many large varied different national groups this book explores how states in the region attempt to develop commonality and a nation and the difficulties that arise it discusses the consequences which ensue when competing narratives clash and examines the nature of resistance to dominant narratives which arise it considers the problems in a wide range of countries in the region including indonesia malaysia singapore hong kong korea australia and new zealand

football clubs across the world continue to embody many of the collective symbols identifications and processes of connectivity which have long been associated with the notion of community in recent years however the very term community has become the focus of renewed interest within popular discourse and amongst academics politicians and policy makers it has become something of a buzz word wheeled out as both a lament to more certain times and as an appeal to a better future a term imbued with all the richness associated with human interaction community has also been employed increasingly within football for instrumental reasons concerned with policy and stadium redevelopment and in broader rhetoric about clubs their localities and fans this book brings together a range of key debates around contemporary understandings of community in world football split into four sections it considers political and theoretical debates around football and its connection with community different national and ethnic football communities instrumental uses of football to bridge gaps within and between groups future directions in the football and community debate this book was published as a special issue of soccer society

women and community in medieval and early modern iberia draws on recent research to underscore the various ways iberian women influenced and contributed to their communities engaging with a broader academic discussion of women s agency and cultural impact in the iberian peninsula by focusing on women from across the socioeconomic and religious spectrum elite bourgeois and peasant christian women jewish muslim converso and morisco women and married widowed and single women this volume highlights the diversity of women s experiences examining women s social economic political and religious ties to their families and communities in both urban and rural environments comprised of twelve essays from both established and new scholars women and community in medieval and early modern iberia showcases groundbreaking work on premodern women revealing the complex intersections between gender and community while highlighting not only relationships of support and inclusion but also the tensions that worked to marginalize and exclude women

since the 1950s and the advance of urban renewal local governments and urban policy have focused heavily on the central business district however such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high rise america this analysis of urban neighborhoods in the united states from 1960 to 1995 presents fifteen essays by scholars of urban planning and development together they show how urban neighborhoods can and must be preserved as economic cultural and political centers

examines the social impact of drought and depression in kansas illustrating how both farm and town families dealt with the deprivation by finding odd jobs working in government programmes or depending on federal and private assistance

from yellowstone to the great smoky mountains america s national parks are sprawling tracts of serenity most of them carved out of public land for recreation and preservation around

the turn of the last century america has changed dramatically since then and so has its conceptions of what parkland ought to be in this book one of our premier environmental historians looks at the new phenomenon of urban parks focusing on san francisco s golden gate national recreation area as a prototype for the twenty first century cobbled together from public and private lands in a politically charged arena the ggnra represents a new direction for parks as it highlights the long standing tension within the national park service between preservation and recreation long a center of conservation the bay area was well positioned for such an innovative concept writing with insight and wit rothman reveals the many complex challenges that local leaders politicians and the nps faced as they attempted to administer sites in this area he tells how representative phillip burton guided a comprehensive bill through congress to establish the park and how he and others expanded the acreage of the ggnra redefined its mission to the public forged an identity for interconnected parks and struggled against formidable odds to obtain the san francisco presidio and convert it into a national park engagingly written the new urban park offers a balanced examination of grassroots politics and its effect on municipal state and federal policy while most national parks dominate the economies of their regions ggnra was from the start tied to the multifaceted needs of its public and political constituents including neighborhood ethnic and labor interests as well as the usual supporters from the conservation movement as a national recreation area ggnra helped redefine that category in the public mind by the dawn of the new century it had already become one of the premier national park areas in terms of visitation now as public lands become increasingly scarce ggnra may well represent the future of national parks in america rothman shows that this model works and his book will be an invaluable resource for planning tomorrow s parks
