first published in 1997 for this second edition of art books a basic bibliography of monographs on artists the vast number of new books published since 1985 was

surveyed and evaluated this has resulted in the selection of 3 395 additional titles these selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities the selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted the second edition contains 278 names of artists not represented in the first edition

from his first feature film the duellists to his international successes alien blade runner thelma and louise black hawk down gladiator and american gangster ridley scott has directed some of the most compelling films of the last 30 years apart from his work as a film director scott has engaged in a vast range of activities including that as a designer producer film mogul and advertising executive the ridley scott encyclopedia is the first book that focuses on all aspects of his work in a wide ranging career that spans nearly 50 years the entries in this encyclopedia focus on all aspects of his work and are divided into four categories the first focuses on ridley scott s work as a director encompassing his feature films from the duellists to body of lies as well as his work in television including commercials the second category focuses on the people who have been involved in scott s projects including actors directors producers designers writers and other creative personnel the third focuses on general thematic issues raised in scott s work such as gender construction political issues and geographical locations finally the encyclopedia incorporates entries on films by other directors who have influenced scott s approach to his work as a director or producer each entry is followed by a bibliography of published sources both in print and online making this the most comprehensive reference on scott s body of work

this nine volume set presents in easily accessible format the extensive information now available about john milton it has grown to be a study of english civilization of milton s time and a history of literary and political matters since then

surveying the avant garde examines the art and literature of the americas in the early twentieth century through the lens of the questionnaire a genre as central as the manifesto to the history of the avant garde questions such as how do you imagine latin america and what should american art be issued by avant garde magazines like imán a latin american periodical based in paris and cuba s revista de avance demonstrate how editors writers and readers all grappled with the concept of america particularly in relationship to europe and how the questionnaire became a structuring device for reflecting on their national and aesthetic identities in print through an analysis of these questionnaires and their responses lori cole reveals how ideas like american art as well as modernism and avant

garde were debated at the very moment of their development and consolidation unlike a manifesto whose signatories align with a single polemical text the questionnaire produces a patchwork of responses providing a composite and sometimes fractured portrait of a community such responses yield a self reflexive history of the era as told by its protagonists which include figures such as gertrude stein alfred stieglitz jean toomer f t marinetti diego rivera and jorge luis borges the book traces a genealogy of the genre from the renaissance paragone or comparison of the arts through the rise of enquêtes in the late nineteenth century up to the contemporary questionnaire which proliferates in art magazines today by analyzing a selection of surveys issued across the atlantic cole indicates how they helped shape artists and writers understanding of themselves and their place in the world based on extensive archival research this book reorients our understanding of modernism as both hemispheric and transatlantic by narrating how the artists and writers of the period engaged in aesthetic debates that informed and propelled print communities in europe the united states and latin america scholars of modernism and the avant garde will welcome cole s original and compellingly crafted work

an accessible introduction to disability studies disability politics and theory provides a concise survey of disability history exploring the concept of disability as it has been conceived from the late 19th century to the present further a j withers examines when how and why new categories of disability are created and describes how capitalism benefits from and enforces disabled people s oppression critiquing the model that currently dominates the discipline the social model of disability this book offers an alternative the radical disability model this model builds on the social model but draws from more recent schools of radical thought particularly feminism and critical race theory to emphasize the role of intersecting oppressions in the marginalization of disabled people and the importance of addressing disability both independently and in conjunction with other oppressions intertwining theoretical and historical analysis with personal experience this book is a poignant portrayal of disabled people in canada and the u s and a radical call for social and economic justice
