competition and diversity in media and communications are fundamental to a healthy economy and democracy in india and internationally there is no consensus on the exact manner and scope of interventions that are appropriate to protect competition and pluralism in media markets many emerging economies including india are seeking to adopt their own regulation in this area taking their lead from the uk the issues have been brought into sharp focus in india in recent years first the enactment and implementation of modern but sector neutral competition law under the competition act 2002 has caused a step change in regulation towards an economics and effects based approach second in 2013 the india telecoms regulator launched controversial reform proposals to apply a media specific approach to ownership regulation as academics lawyers businesses regulators and policy makers in india cast a glance at the international experience this book examines the legal economic and policy issues relating to regulation of ownership and control of media markets the focus of comparative assessment is on examples from the european union eu member states and the us

this book provides the first comprehensive analysis of unbundling and in particular ownership unbundling policies from the perspective of international economic law it does so by focusing on the prominent example of the eu s energy sector and its third energy package unbundling has become an increasingly crucial competition instrument in network bound industries worldwide it is designed to ensure access to bottleneck infrastructures on fair and non discriminatory terms and

thus to suppress the anti competitive potential deriving from vertical integration in natural monopoly situations while promoting important public policy objectives unbundling policies have also raised a number of legal issues this book analyzes how international economic law limits the adoption and maintenance of unbundling and related measures and also outlines how international trade law can play a positive role in this field as a result it provides a valuable reference for academics practitioners and policy makers

this book covers wreck law as an integrated whole going beyond the question of removal to include issues such as the ownership of wreck and how the law deals with the many commercial law problems arising after ships have been wrecked during the maritime commercial adventure the book offers authoritative guidance on the genesis and meaning of the nairobi wreck removal convention 2007 and the interpretation of its often complex provisions as they apply both to states trying to use its powers and to shipowners and liability insurers faced by its obligations the authors explain the increasingly complex inter relationship between linked areas of maritime law including salvage intervention and the overlapping international regimes which deal with pollution from oil bunkers or hazardous and noxious substances the book examines how a salvage operation transitions to wreck removal and links the liability provisions with the standard form international commercial contracts actually used by the industry to remove wrecks eg bimco s wreckstage 2010 wreckhire 2010 and wreckfixed 2010 it also covers the complex requirements concerning the disposal of wrecks including the latest recycling regulations applicable in 2019 the law of wreck will be of value to shipping industry professionals insurers and legal practitioners as well as academics and students of maritime law
