wildfire is a wide ranging inter disciplinary study of the other side of israeli public life because the governmental service systems work poorly and political protest has proved to be largely ineffective the israeli public has begun to take matters into their own hands in effect creating numerous alternative service systems in almost all spheres of life lehman wilzig describes this phenomenon and analyzes the impact of the most important alternative systems illegal settlement activity a huge underground economy pirate cable tv stations gray education black medicine anti religious as well as anti secular activity and a growing demand for electoral reform and constitutionalization of the israeli polity

this innovative research agenda critically reflects on the state of the art and offers inspiration for future higher education research across a variety of geographical disciplinary and theoretical perspectives it explores the impact of covid 19 and the need to re engage with the global south and reconsider conventional paradigms and assumptions leading international contributors address a set of salient issues ranging from research on macro level themes to meso and micro level phenomena

this book explains the wide basis of perspectives on which we build an understanding of people s behaviours and why we respond in the way we do

this book first published in 1989 analyses the effect that interdependence has had on the defence industrial base concentrating upon those defence industries situated at the hi tech end and paying particular attention to the procurement decisions that affect the production of sophisticated military aircraft interdependence raises questions of importance to international relations strategic studies and defence economics and western industrialised states have an ongoing dilemma over the degree to which they should subject their defence industrial bases to the forces of economic interdependence despite worries over strategic vulnerability most western states have been showing increased interest in arms collaboration with the aim of maximizing the amount of weaponry available for defence as this book shows such a goal becomes increasingly important s the technological sophistication of weapons grows

why and how do states obey international law this engaging book tackles this very question head on via its examination of the conflicting and conciliating processes of the chinese approach to litigation and the western approach to legal orientation in the field of the wto dispute settlement mechanism the authors examine the normative framework of wto rule implementation in a globalised international economic order they further explore the notion of the rule of law in china s confucian system and how it interacts with a rule based world trading system topics discussed include theorising the wto implementation regime the chinese approach to law china and the wto dispute settlement system and chinese confucianism and compliance with its focus on international economic law and political science this book will be accessible to students policy makers practitioners and academics looking to understand china and the rule of law in a global context
