but it doesn't say we're predestined to faith as calvinism teaches the differences between the language of the bible and the language of calvinism indicate the doctrinal errors of calvinism all reformed theologians teach predestination to faith which includes faith in a sequence the bible doesn't include it in the golden chain of romans 8 28 30 includes 1 foreknowledge 2 predestination 3 calling 4 justification and 5 glorification paul intentionally omits faith from this sequence because predestination is to glorification and sanctification not to faith paying attention to this detail alters calvinism's tulip total depravity doesn't include an inability to believe the gospel election is not unconditional since god elects all whom he has known forever in the eternal messiah who entered into union with him through justification by unpredestined faith irresistible grace is after justification for sanctification and glorification limited atonement is unbiblical and perseverance of the saints is confirmed in the strongest possible way to the extent it's synonymous with eternal security and the certainty of glorification most other anti-calvinist books deal heavily with the moral and philosophical travesties of calvinism for example i highly recommend what love is this by dave hunt but this book tries to provide better expositions of the passages that lead good godly men to accept calvinism in the first place like romans 8 romans 9 john 6 and ephesians 1 by paying attention to the small underappreciated detail that the bible says predestination is to sanctification and glory not to faith if i felt this task was already accomplished i wouldn't have written this book but would have promoted the books that already did it white calvinist there is no meaningful non-reformed exegesis of john 6 37 45 available as numerous as the attempts of arminian exegetes to find some way around the testimony of these verses has been not even a plausible solution has been offered that does not require the complete dismantling of the text redefinition of words or the insertion of utterly foreign concepts flowers non-calvinist would anyone dare adopt or seek to defend this most troubling doctrine of reprobation if not for the perceived defense offered by the apostle in romans 9 i rejoice in biblical non-calvinistic predestination to glory not to faith biblical predestination is about the certainty of god's completion of our salvation through sanctification and glorification predestination shouldn't be a word that conjures up images of calvinistic horrors of reprobation in the minds of those who haven't been indoctrinated to focus on the good fortunes of the elect instead predestination should be a word that gives great joy because it underlies the biblical doctrine of the certainty of our future glorification rom 5 3 having been justified by faith we rejoice in the sure and certain hope of sharing in the glory of god my hope is that this book won't only be a defense against calvinism and its harms and rescue some born-again calvinists from calvinism but also that this consideration of the topic of predestination will give all readers a better understanding of the justification sanctification and glorification that comprise our gracious salvation and this knowledge will also make us more fruitful jn 15 7 8 if my words abide in you herein is my father glorified that you bear much fruit

In the years since his suicide scholars have explored David Foster Wallace's writing in transdisciplinary ways. This is the first book of its kind to discuss how Wallace understood and wrote about religion. At present the scholarly community is sharply divided on how best to read Wallace on religious questions. Some interpret him to be a Nietzschean nihilist while others see in him a profoundly spiritual even mystical thinker. Some read Wallace as a Buddhist thinker and others as a Christian existentialist. Involved at every level of this discussion are Wallace's experiences in twelve-step recovery programs according to which only a higher power can help one remove unwanted defects of character. The multifarious essays in this volume by literature, religion, and philosophy scholars in the Wallace community delve into Wallace's life and writings to advance the conversation about Wallace and religion while they may disagree with one another in substantial ways. The contributors argue that Wallace was not only deliberate in his writings on religious themes but also displayed an impressive level of theological nuance.
