the topics of the 150 columns in the volume include the real problem with religious toleration the modern longing for slavery america in a rut the ku klux klan and american conservatism an artist s satire on war the monster called man volumes 27 through 37 are collected columns from the illustrated london news most of the weekly articles chesterton wrote for the illustrated london news have never been printed in book form until ignatius press undertook to do the collected works these volumes contain all of chesterton s columns in the illustrated london news beginning in 1905 the great majority have never appeared in book form chesterton lovers will be delighted to find this treasure filled with jewels quite the match of his best writing

this book investigates how sustainability informs key principles and concepts of domestic and international law it calls for the recognition of ecological sustainability as a fundamental principle to guide the entire legal system rather than just environmental legislation to this end the book makes a contribution to global environmental constitutionalism a rapidly growing area within comparative and international environmental law and constitutional law this 2nd edition has been fully revised and updated to take account of recent developments and new case law the book will be a valuable resource for students researchers and policy makers working in the areas of environmental law and governance

the arts of rule cover the exercise of power by princes and popular sovereigns but they range beyond the domain of government itself extending to civil associations political

parties and religious institutions making full use of political philosophy from a range of backgrounds this festschrift for harvey mansfield recognizes that although the arts of rule are comprehensive the best government is a limited one

the impact of liberal globalization and multiculturalism means that nations are under pressure to transform their national identities from an ethnic to a civic mode this has led in many cases to dominant ethnic decline but also to its peripheral revival in the form of far right politics at the same time the growth of mass democracy and the decline of post colonial and cold war state unity in the developing world has opened the floodgates for assertions of ethnic dominance this book investigates both tendencies and argues forcefully for the importance of dominant ethnicity in the contemporary world
