for many going back to the land brings to mind the 1960s and 1970s hippie communes and the summer of love the whole earth catalog and mother earth news more recently the movement has reemerged in a new enthusiasm for locally produced food and more sustainable energy paths but these latest back to the landers are part of a much larger story americans have been dreaming of returning to the land ever since they started to leave it in back to the land dona brown explores the history of this recurring impulse back to the landers have often been viewed as nostalgic escapists or romantic nature lovers but their own words reveal a more complex story in such projects as gustav stickley s craftsman farms frank lloyd wright s broadacre city and helen and scott nearing s quest for the good life brown finds that the return to the farm has meant less a going backwards than a going forwards a way to meet the challenges of the modern era progressive reformers pushed for homesteading to help impoverished workers get out of unhealthy urban slums depression era back to the landers wary of the centralizing power of the new deal embraced a new third way politics of decentralism and regionalism later still the movement merged with environmentalism to understand americans response to these back to the land ideas brown turns to the fan letters of ordinary readers retired teachers and overworked clerks recent immigrants and single women in seeking their rural roots brown argues americans have striven above all for the independence and self sufficiency they associate with the agrarian ideal best books for general audiences selected by the american association of school librarians

presents the history of twentieth century lingerie this book examines the ways cultural meanings are orchestrated by the fashion industrial complex and the ways in which individuals and groups embrace reject or derive meaning from these everyday yet significant intimate articles of clothing

today we think of canada as a compassionate open country to which refugees from other countries have always been welcome however between the years 1933 and 1948 when the jews of europe were looking for a place of refuge from nazi persecution canada refused to offer aid let alone sanctuary to those in fear for their lives rigorously documented and brilliantly researched none is too many tells the story of canada s response to the plight of european jews during the nazi era and its immediate aftermath exploring why and how canada turned its back and hardened its heart against the entry of jewish refugees recounting a shameful period in canadian history irving abella and harold troper trace the origins and results of canadian immigration policies towards jews and conclusively demonstrate that the forces against admitting them were pervasive and rooted in antisemitism

first published in 1983 none is too many has become one of the most significant books ever published in canada this fortieth anniversary edition celebrates the book s ongoing impact on public discourse generating debate on ethics and morality in government the workings of canadian immigration and refugee policy the responsibility of bystanders righting historical wrongs and the historian as witness above all the reader is asked what kind of canada do we want to be this new anniversary edition features a foreword by richard menkis on the impact the book made when it was first published and an afterword by david koffman explaining why the book remains critical today

how has american literature after postmodernism responded to the digital age drawing on insights from contemporary media theory this is the first book to explore the explosion of new media technologies as an animating context for contemporary american literature casey michael henry examines the intertwining histories of new media forms since the 1970s and literary postmodernism and its aftermath from william gaddis s j r and bret easton ellis s american psycho through to david foster wallace s infinite jest through these histories the book charts the ways in which print based postmodern writing at first resisted new mass media forms and ultimately came to respond to them

this book provides tutorial on the operating systems concept and the unix environment it covers the necessary topics for any unix user to function independently and perform most of the everyday routine tasks it also provides a firm foundation for exploring more advanced topics commands from the linux operating system and its bourne again shell are also included back cover

a biography of mamie eisenhower who accomplished many things that were overlooked by her contemporaries and used her popularity to the benefit of her husband while changing the role of first lady and covers her experience as an army wife and how it prepared her for the white house during the mccarthy era

charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book offers the first systematic application of

organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and implementation the fourth analyzes staff structures that facilitate the operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency

until world war ii the four corners region where new mexico colorado utah and arizona meet was a collection of isolated rural towns in the postwar baby boom era however small communities like farmington new mexico became bustling municipalities with rapidly expanding economies in quest for the golden circle arthur gomez traces the development of the four corners two industries mining and tourism to discover how each contributed to the economic and urban transformation of this region during the 1950s and 1960s focusing on four cities durango colorado moab utah flagstaff arizona and farmington new mexico gomez chronicles how these towns played key roles in the west s dramatic postwar expansion cities such as denver albuquerque phoenix tucson el paso and salt lake city all grew through use of the abundant petroleum uranium natural gas timber and other natural resources extracted from the four corners region but the energy boom in these towns was not to last with the arrival of foreign oil bringing economic growth to a halt in the early 1970s town leaders turned again to the land to stimulate their economy this time the resource was a seemingly

inexhaustible one tourism gomez examines how business minded citizens marketed the area s scenic wonders and established the entire region as a tourist destination their efforts were further assisted by the selection of stunning federal lands mesa verde grand canyon and arches national parks as treasures protected and promoted by the national park service both mining and tourism however were beset by complex new problems and issues extensive highways for instance were planned to bisect a navajo reservation as gomez illustrates the growing cities in the four corners region felt tremendous competing pressures between outside business powers and local needs as their extractive economy boomed and busted and as they then struggled to attract tourism dollars in addition he highlights the prominent roles played by federal agencies like the atomic energy commission and the national park service in shaping regional destiny an outstanding analysis of the complexities of postwar development quest for the golden circle successfully illuminates the history of one region within the larger story of the modern american west
