a history of the computer company oracle chronicles its rise to become one of the industry's most  
powerful and profitable companies noting its penchant for reinventing itself in pursuit of new goals

karen southwick's unauthorized account provides the full story of larry ellison's brilliant  
controversial career ellison's drive and fierce ambition created oracle out of the dust and built it

into one of America's great technology companies but his unpredictable management style keeps it constantly on the edge of both success and disaster the hostile bid for PeopleSoft is just the most recent example with one clever strategic move Larry Ellison threw much of the business software field into play the saying it's not enough that I succeed everyone else must fail has been so often used by or associated with Ellison that most people think it originated with him it's actually attributed to Genghis Khan but it's a dead on way to describe not only the way Ellison thinks about competitors but the way he runs Oracle his weapons are not marauding hordes but Oracle's possession of database technology that is crucial for keeping mission critical information flows working at thousands of organizations corporations nonprofits and government agencies inside Oracle Ellison has time and again systematically purged key operating sales and marketing people who got too powerful for his comfort most notable was Ray Lane Oracle's president for nine years who was widely credited with bringing order out of the chaos that was Oracle in the early nineties and growing it into a ten billion dollar company Ellison got rid of the one key person who was building confidence with Wall Street business partners and customers that Oracle was no longer flying by the seat of its pants and had its act together Ellison's mania for absolute control and his inability to coexist with the very lieutenants who bring much needed stability to the company have brought Oracle to the brink of collapse before and may well do it again Ellison is a throwback to an earlier much more freewheeling version of capitalism the kind practiced by the nineteenth century robber barons who ran their companies as private fiefdoms Larry Ellison is one of the most intriguing and dominant leaders of a major twenty first century corporation and everyone else must fail raises the question of whether Oracle's products and the reliance placed in them by so many are too important to be subject to the whims of one man while giving credit to Ellison's brilliance and devotion the book sounds a warning about an ingenious man's tendency to be his own company's worst enemy

In this book we will embark on a journey through the life of Larry Ellison co founder CEO and CTO of Oracle Corporation one of the most influential software companies in the world we will unveil his trajectory from his humble beginnings to becoming one of the richest men on the planet we'll explore his game changing innovations in the enterprise software market his strategic investments in medical technology and cutting edge startups and his unique business philosophy shaped by

distinct experiences and visions born in new york in 1944 larry ellison had a challenging childhood at age nine he moved to chicago with his adoptive mother where he attended public school despite financial difficulties ellison always demonstrated a fascination with technology and computer science after a few years at the university of illinois at urbana champaign he dropped out to pursue his dreams in technology he worked in several companies accumulating experience and knowledge that would lead him to found oracle in 1977 together with bob boehm and ed oates find out much more
