on march 31 1943 the musical oklahoma premiered and the modern era of the broadway musical was born since that time the theatres of broadway have staged hundreds of musicals some more noteworthy than others but all in their own way a part of american theatre history with more than 750 entries this comprehensive reference work provides information on every

musical produced on broadway since oklahoma s 1943 debut each entry begins with a brief synopsis of the show followed by a three part history first the pre broadway story of the show including out of town try outs and broadway previews next the broadway run itself with dates theatres and cast and crew including replacements chorus and understudies songs gossip and notes on reviews and awards and finally post broadway information with a detailed list of later notable productions along with important reviews and awards

the information herein was accumulated of fifty some odd years the collection process started when tv first came out and continued until today the books are in alphabetical order and cover shows from the 1940s to 2010 the author has added a brief explanation of each show and then listed all the characters who played the roles and for the most part the year or years the actor or actress played that role also included are most of the people who created the shows the producers directors and the writers of the shows these books are a great source of trivia information and for most of the older folk will bring back some very fond memories i know a lot of times we think back and say who was the guy that played such and such a role enjoy

paradise or trap in the novella canyon set in the 1950s the hiller family lives in some of the most beautiful country in california on the upper sacramento river near mt shasta the father frank is an intelligent but frustrated man without enough education to escape a blue collar railroad job the mother connie and the three children live in the shadow of his anger just as their home town dunsmuir lies in the shadow of the mountains in the story sump set a decade later the oldest son john gets his chance to leave but it may already be too late fear has become a habit and how can he hope to love any other place as much as he loves this one

most vols have appendices consisting of reports of various state offices

includes entries for maps and atlases

original articles on all aspects of numerical mathematics book reviews mathematical tables and technical notes covers advances in numerical analysis application of computer methods high speed calculating and other aids to computation
