narrative criticism is a relatively recent development that applies literary methods to the study of scripture james resseguie suggests that this approach to reading the bible treats the text as a self contained unit and avoids complications raised by other critical methods of interpretation resseguie begins with an introductory chapter that surveys the methods of narrative criticism and how they can be used to discover important nuances of meaning through what he describes as a close reading of the text he then devotes chapters to the principal rhetorical devices setting point of view character rhetoric plot and reader readers will find here an accessible introduction to the subject of narrative criticism and a richly rewarding approach to

reading the bible

this book will help those who are searching for ancestors in ireland david r elliott gives practical advice on preparing for your trip with tips on travel driving accommodation and meals an annotated bibliography and a review of important websites round out this illustrated guide

parentheticals it is fair to say are everywhere and as can easily be shown they come in a huge variety of flavors two characteristics set them apart from ordinary arguments and adjuncts they tend to show some freedom of position within their hosts and they tend to be semantically opaque to scope of quantification negation and long distance dependencies this study demonstrates that parentheticals are independent pieces of language that are jammed into their host subject to prosodic constraints and they stand in some discourse relation to the host serving as a side comment or as supporting material but crucially parentheticals are asyntactic they are not syntactic constituents of their host the analysis is couched in terms of jackendoff's parallel architecture in which phonology syntax and semantics are independent but linked generative systems and in which words and rules of grammar are encoded in a common format in support of the asyntactic treatment of parentheticals this study develops accounts of prosody and discourse structure components of the grammar that are new to the parallel architecture the work presented here is innovative in several respects first it addresses and formalizes a wide range of parenthetical types where most previous studies have dealt with only a limited selection second it integrates the prosodic syntactic semantic and discourse aspects of parentheticals where most previous studies have dealt with only the prosody or only the semantics discourse structure finally many aspects of the analysis give reason to prefer the parallel architecture over other theories of grammatical structure

studies of language acquisition have largely ignored processing principles and mechanisms not surprisingly questions concerning the analysis of an informative linguistic input the potential evidence for grammatical parameter setting have also been ignored especially in linguistic approaches to language acquisition the role of language processing has not been prominent with few exceptions e.g. goodluck and tavakolian 1982 pinker 1984 discussions of language performance tend to arise only when experimental debris the artifact of some experiment needs to be cleared away consequently language processing has been viewed as a collection of rather uninteresting performance factors obscuring the true object of interest namely grammar acquisition on those occasions when parsing strategies have been incorporated into accounts of language development they have often been discussed as vague preferences not open to rigorous analysis in principle however theories of language comprehension can and should be subjected to the same criteria of explicitness and explanatoriness as other theories e.g. theories of grammar

thus their peripheral role in accounts of language development may reflect accidental factors rather than any inherent fuzziness or irrelevance to the language acquisition problem it seems probable that an explicit model of the way s processing routines are applied in acquisition would help solve some central problems of grammar acquisition since these routines regulate the application of grammatical knowledge to novel inputs

nicky is a playful kitten his house has an upstairs and a downstairs when his mother calls nicky where are you nicky might be up or he might be down or he might be nowhere to be found

these previously unpublished articles offer a cross linguistic perspective on small clauses they discuss subjects such as the different types of small clauses across languages and lexical items the internal syntax of small clauses and their structure and the general topic of the grammar of predication ranging from a total questioning of the existence of small clauses to claims that they exist in every predication context the editors cross linguistic approach addresses syntactic and lexical issues as well as the relationships between small clauses and language acquisition among children it surveys the problems raised by small clauses in light of recent developments in the principles and parameter model the data is drawn from danish dutch english finnish french german hebrew hungarian icelandic irish italian norwegian portuguese russian slovak and swedish the contributions share theoretical assumptions about small clauses the cross linguistic comparison offers the potential for defining variable and static elements of small clauses as well as distinguishing ways that they resemble full clauses

virginia woolf introduced us to the angel in the house now prepare to meet the bitch in the house this e book includes an exclusive excerpt from the bitch is back older wiser and getting happier a second collection of essays from nine of the contributors featured in the bitch in the house and from sixteen captivating new voices women today have more choices than at any time in history yet many smart ambitious contemporary women are finding themselves angry dissatisfied stressed out why are they dissatisfied and what do they really want these questions form the premise of this passionate provocative funny searingly honest collection of original essays in which twenty six women writers ranging in age from twenty four to sixty five single and childless or married with children or four times divorced invite readers into their lives minds and bedrooms to talk about the choices they ve made what s working and what s not with wit and humor in prose as poetic and powerful as it is blunt and dead on these intriguing women offer details of their lives that they ve never publicly revealed before candidly sounding off on the difficult decisions and compromises of living with lovers marrying staying single and having children the perpetual tug of war between love and work family and career the struggle to simultaneously care for ailing parents and a young family the myth of co parenting dealing with helpless

mates and needy toddlers the constrictions of traditional women's roles as well as the clichés of feminism anger at laid back live in lovers content to live off a hardworking woman's checkbook anger at being criticized for one's weight anger directed at their mothers right and wrong and well more anger this book was born out of anger begins Cathi Hanauer but the end result is an intimate sharing of experience that will move amuse and enlighten the bitch in the house is a perfect companion for your students as they plot a course through the many voices of modern feminism this is the sound of the collective voice of successful women today in all their anger grace and glory from the bitch in the house I believed myself to be a feminist and I vowed never to fall into the same trap of domestic boredom and servitude that I saw my mother as being fully entrenched in never to settle for a life that was as I saw it lacking independence authority and respect e.s. maduro page 5 here are a few things people have said about me at the office you're unflappable are you ever in a bad mood here are things people okay the members of my family have said about me at home mommy is always grumpy why are you so tense you're too mean to live in this house and I want you to go back to work for the rest of your life kristin van ogdrop page 161 I didn't want to be a bad mother I wanted to be my mother safe protective rational calm without giving up all my anger because my anger fueled me elissa schappell page 195
