arab regionalism details and examines the power relations involved in the making of
an arab region on an empirical level this book concentrates on the drawing of
topographic and ideational boundaries in the arab region on arab regional
organizations on the functional cooperation among arab states and institutions and on
the socio cultural infra structure that supports the arab region making process with a
strong focus on post 1990 dynamics on a theoretical level this work makes a case for
the analytical autonomy of arab regionalism as opposed to regionalism in the middle
east or in the mediterranean and for the necessity of approaching it as an actual

process instead of a failed project the attitude of debasement and erasure towards arab regionalism that is common place in the field of regional studies is replaced in this book for the acknowledgment that there is much more political coordination economic cooperation and social integration in the arab region than has previously been assumed providing a fresh perspective on arab regionalism this book will be an essential resource for scholars and researchers with an interest in regionalism middle eastern politics and international relations

in anthony d amato s writing two passions merge law and language his eloquence and hence the sheer readability of his writing is virtually a byword among teachers and students alike this introduction to law is far from basic in its coverage yet it never becomes mired in tedious detail or lost in impenetrable fog it is perhaps the only reader friendly book available today that truly clarifies the deep and basic concepts of law in general and american law in particular

this groundbreaking book explores the relevance of queer theory to translation studies and of translation to global sexuality studies beginning with a comprehensive overview of the origins and evolution of queer theory this book places queer theory and translation studies in a productive and mutually interrogating relationship after framing the discussion of actual and potential interfaces between queer sexuality and queer textuality the chapters trace the transnational circulation of queer texts focusing on the place of translation in gay anthologies the packaging of queer life writing for global audiences and the translation of lyric poetry as a distinct site of queer performativity baer analyzes fictional translators in literature and film the treatment of translation in historical and ethnographic studies of sexual and linguistic others the work of queer translators and the reception of queer texts in translation including a range of case studies to exemplify key ethical issues relevant to all scholars of global sexuality and postcolonial studies this book is essential reading for advanced students scholars and researchers in translation studies gender and sexuality studies and related areas

eighty one masterpieces by the world s best writers a surprising irresistible collection of short stories from around the world

the situationist international anthology is the most comprehensive and accurately translated collection of situationist writings in english in 1957 a few european avant

garde groups came together to form the situationist international picking up where the dadaists and surrealists had left off the situationists challenged people's passive conditioning with carefully calculated scandals and the playful tactic of détournement rerouting hijacking seeking a more extreme social revolution than was dreamed of by most leftists they developed an incisive critique of the global spectacle commodity system and of its communist pseudo opposition and their new methods of agitation helped trigger the may 1968 revolt in france since then situationist theories and tactics have continued to inspire radical currents all over the world this volume presents a rich variety of articles leaflets graffiti and internal documents ranging from experiments in psychogeography to lucid analyses of the watts riot the vietnam war the prague spring the chinese cultural revolution and other crises and upheavals of the sixties for this new edition all the translations have been fine tuned and the bibliography has been updated to include comments on dozens of newer books by and about the situationists

colour design theories and applications second edition provides information on a broad spectrum of colour subjects written by seasoned industry professionals and academics it is a multidisciplinary book that addresses the use of colour across a range of industries with a particular focus on textile colouration part one deals with the human visual system colour perception and colour psychology while part two focuses on the practical application of colour in design including specifically in textiles and fashion part three covers cultural and historical aspects of colour as well as recent developments addressing areas such as dyes and pigments architecture colour theory virtual reality games colour printing website development and sustainability this revised expanded and updated edition reflects recent technological developments and new industry priorities bringing together the science of colouration and the more artistic elements of design this book supports students academics and industry professionals in developing a deep knowledge of colour use it will also be an important reference for those involved in textile dyeing design and manufacture provides a comprehensive review of the issues surrounding the use of color in textiles discusses the application of color across a wide range of industries supporting interdisciplinary knowledge and research offers a revised expanded and updated look that reflects the rise of new technology and industry priorities

for as long as legal writing courses have existed students have been given large quantities of information all at once they are then expected to digest it in one large gulp and to do it the lawyer s craft takes a different approach the authors of this innovative book take the specific skills required to write a memo or brief and divided them into discrete building blocks that can be more easily absorbed by students the approach to drafting legal documents is highly structured to enable students to see how different parts fit together memos and briefs are divided into parts and organized into a required format the format also provides students with a checklist to consult when constructing legal documents the lawyer s craft recognizes that skills must be practiced to be learned no matter how carefully students read the text and discuss it in class they will not be able to learn the material until they actually put it to work for this reason the lawyer s craft includes numerous examples and exercises the level of difficulty of the examples and exercises is gradually increased allowing students to master the basics before moving on to nuances and exceptions a teacher s manual is available to professors

tantalizingly irreverent camner s work smacks of the deliciously absurd with a point he is a brilliantly bizarre poet and master of the surreal lenny dellarocca the poetry museum camner defies the traditional aesthetic concepts of poetry he targets a world of ideas in a rather active way as opposed to the more passive meditative aspects found in most poetry there is a linguistic simplicity to his poems an almost transparent quality over a rather complex web of experience and thought his poetry is life all you have to do is look the obvious and not so obvious marta braunstein editor cambio literary journal camner writes in terse stark real verse that would make hemingway raise his scotch glass in honor new times newspaper camner s poetic style is reminiscent of raymond chandler s detective writing descriptive and terse with interesting plot lines his characters are certainly the product of a vivid imagination the comstock review camner s humour noir is apparent in his poetics his spirited voice and unabashed freedom so alive even in his earliest poems peter hargitai a literary detour and well worth the trip village voice

in 1957 a few european avant garde groups came together to form the situationist international picking up where the dadaists and surrealists had left off the situationists challenged people s passive conditioning with carefully calculated scandals and the

playful tactic of detournement seeking a more extreme social revolution than was dreamed of by most leftists they developed an incisive critique of the global spectacle commodity system and of its communist pseudo opposition and their new methods of agitation helped trigger the may 1968 revolt in france since then although the si itself was dissolved in 1972 situationist theories and tactics have continued to inspire radical currents all over the world the situationist international anthology generally recognized as the most comprehensive and accurately translated collection of situationist writings in english presents a rich variety of articles leaflets graffiti and internal documents ranging from early experiments in psychogeography to lucid analyses of the watts riot the vietnam war the prague spring the chinese cultural revolution and other crises and upheavals of the sixties for this new edition the translations have all been fine tuned and over 100 pages of new material have been added publisher s description

the routledge companion to korean literature consists of 35 chapters written by leaders in the field who explore significant topics and who have pioneered innovative approaches the collection highlights the most dynamic current scholarship on korean literature presenting rigorous literary analysis interdisciplinary methodologies and transregional thinking so as to provide a valuable and inspiring resource for researchers and students alike this companion has particular significance as the most extensive collection to date of english language articles on korean literature it both offers a thorough intellectual engagement with current scholarship and addresses a broad range of topics and time periods from premodern to contemporary it will contribute to an understanding of literature as part of a broad sociocultural process that aims to put the field into conversation with other fields of study in the humanities and social sciences while presenting rigorous and innovative academic research that will be useful to graduate students and researchers the chapters in the collection are written to be accessible to the average upper level undergraduate student and include only minimal use of academic jargon in an effort to provide substantially helpful material for researching teaching and learning korean literature this companion includes as an appendix an extensive list of english translations of korean literature

the red moon anthologies are the best annual source for keeping up with what is happening in the burgeoning world of english language haiku this latest volume presents nearly 150 poems haiku senryu sequences renku haibun and more along
