this book will argue that lodging is a hugely ignored largely invisible but critical sector of housing provision and economic contributor of burgeoning african cities it further connects the rural and the urban challenging traditional definitions of locationally bound communities lodgers create micro local and translocal communities and the lodging system offers livelihood strategies rather than engage in the dominant portrayal of rural urban as binary dichotomous space we maintain that lodging represents and supports the translocal community and relational networks of the extended family as it seeks to maximize access to resources

includes summarized reports of many bee keeper associations

contains the reports of state departments and officials for the preceding fiscal biennium
