excerpt from the history of moses there was a woman that had a child when all the babies were to be drowned and she was a good woman and she asked god how she could save her baby and god told her to make a basket of rushes and put it in the water hiding it in the rushes then pharaoh s daughter was going to bathe in a certain place and as she went past she saw the cradle and asked her servants to go and bring it out and they did it when they brought it out they lifted the thing up that was on the top and they saw a baby crying then they saw the child s sister that was standing far away and pharaoh s daughter cried to her to come and when she came she told her to call a nurse for the baby and then she ran and brought the mother of it and she told the mother to take charge of it and to come to the palace and so she came then moses when he was grown up was sent away to show some wonders to the israelites and god told him the things he was to do he first told him to lay down his rod and when he laid it down it became a serpent then he told him to go and do it when he was with the israelites and he said he would do it then god told him to put his hand into his breast and he did so and his hand became a leper then he pulled it out and he put it in again and when he pulled it out it was just the way it was before then god told him to do that and he went away home to the house that he lived in and god told him that he would have to go to the israelites then he went away to the israelites one day moses saw a egyptian whipping a israelite and he came and killed the

egyptian it was not wrong of moses to kill the egyptian because he was doing harm to the israelite for he was an israelite too after that god told aaron and moses to go up and try to make pharaoh let the israelites go away and then aaron and moses went up to speak to him and asked him if he would allow them to go and pharaoh said no that he wouldn't then aaron laid down the rod and behold it became a serpent he took it by the tail and pulled it up and it turned into a rod he put his hand into his breast and it became a leper and he put it in again and it was just as it was before then the egyptians took all their rods and laid them down and they became serpents pharaoh said he would let them go but he hardened his heart and would not when pharaoh was going to bathe at a certain place aaron stretched his rod over the water and it became blood then pharaoh went home in despair and he said he would let them go but he hardened his heart again then aaron stretched out his rod and frogs came forth and crept over all the beds and eat up all the food and everything and he said he would let them go but he hardened his heart again about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

an intriguing narrative a complementary blend of scripture ancient legends history and archaeology it will stir your curiosity lorraine evans egyptologist and author of *Burying the Dead* in this groundbreaking work the authors reexamine humanity's most enduring account of bondage emancipation and freedom the great exodus is the story of how one man empowered by divine epiphany brought the mighty ancient kingdom of egypt to its knees for thousands of years this story has bolstered the faithful of three major religions though little historical data confirms it so the question must be asked did it ever really happen roberts a historian and theologian and ward an archaeologist egyptologist and anthropologist dig deeply into historical records to answer the most vexing questions is there any historical evidence for the biblical account of the great exodus was moses a real person where is the biblical mount sinai what is the ark of the covenant and where did it come from why did moses write about the serpent and the nephilim is there a templar and

masonic connection to the events and personages in the story did the exodus take place under amenhotep ii or amenhotep iii two pharaohs of the same royal house separated by two generations and eighty odd years or were thutmose iii hatshepsut and amenhotep son of hapu at the core of the action the authors present two opposing yet strangely interlaced historical accounts for the exodus naming the historical pharaohs and surprising candidates for the historical moses while roberts presents an account that finds its moorings in the efficacy of scriptural historicity ward presents a new and completely unique theory for the exodus and its cast of characters
