any history that touts itself as unconventional is bound to raise some hackles when it challenges traditional interpretations of our nation's past yet history is continually under revision this 2 volume work covering america's first 300 years differs from others in seeking to debunk numerous flattering and conventionally accepted myths reading between the lines of what we've all been taught as us history the author probes a little deeper into what perhaps was never denied but was never spelled out either some inconvenient questions emerge was lust for land the driving force behind e

this comprehensive history of the humanities focuses on the modern period 1850 2000 the contributors including floris cohen lorraine daston and ingrid rowland survey the rise of the humanities in interaction with the natural and social sciences offering new perspectives on the interaction between disciplines in europe and asia and new insights generated by digital humanities

throughout american history presidents have been accused of being liars of deceiving others for political gain of being corrupt or of violating the constitution such criticism is to some extent a facet of our political culture yet in recent years the intensity and depth of hostility coming from news reporters political pundits and even academics seems unprecedented it is the argument of the making of the postmodern presidency that something more fundamental is occurring other than personal mendacity character failures or political errors that in fact the model we have used to explain presidential behavior no longer works the dominant paradigm used to assess presidential behavior the modern presidency is no longer an adequate explanatory model nonetheless those who study the presidency continue to use it to explain behavior this book claims that the more relevant paradigm that should be used today is the postmodern presidency model this book traces the origins and development of the postmodern presidency the heart of the book is composed of an examination of the presidencies of ronald reagan george h w bush bill clinton and george w bush to show how each has contributed to the evolution and formation of the postmodern presidency a penultimate chapter analyzes the 2008 presidential election through the lens of postmodernism the book concludes with speculation on the challenges that face the obama presidency in light of the postmodern presidency and american democracy
