in this accessible narrative louw effectively tells the story of 20th century south africa by examining three political periods british hegemony 1900 1948 the afrikaner nationalist period 1948 1993 and the post 1994 black nationalist period he argues that apartheid was premised upon the notion of political partition and not white supremacy apartheid was a political strategy constructed by the ethnic minority in order to prevent them from becoming politically powerless unfortunately the partition plan failed causing an era of pain for south africa with apartheid now formally over louw presents a comprehensive overview of this important 20th century phenomenon topics covered include the roots and causes of apartheid what was apartheid the struggle against apartheid why did afrikaner nationalists negotiate their own demise in the 1990s and the impact of apartheid in contemporary south africa

this book explores the role of constitutionalism in facilitating political change in south africa

the second edition of the routledge companion to race and ethnicity offers readers a broad overview of scholarly exploration of the ways that humans have organized themselves and have been organized according to racial and ethnic divisions more than 80 scholars from around the world and representing multiple academic traditions contribute entries to this accessible yet sophisticated volume that addresses contemporary issues in historical context the first half of the book challenges readers to grapple with some of the most controversial aspects of categorization prejudice and discrimination through focused chapters ranging from the notion of whiteness to the supposed biological rationale for racial categorization the second half is comprised of 70 shorter entries on specialized concepts persons and groups that are crucial to understanding these issues taken as a whole this volume provides a broad multi disciplinary and global overview of issues that continue to provide challenges to notions of equality and justice

the routledge companion to race and ethnicity is a comprehensive guide to the increasingly relevant broad and ever changing terrain of studies surrounding race and ethnicity comprising a series of essays and a critical dictionary of key names and terms written by respected scholars from a range of academic disciplines this book provides a thought provoking introduction

to the field and covers the history and relationship between race and ethnicity the impact of colonialism and post colonialism emerging concepts of whiteness changing political and social implications of race race and ethnicity as components of identity the interrelatedness and intersectionality of race and ethnicity with gender and sexual orientation globalization media popular culture and their links with race and ethnicity fully cross referenced throughout with suggestions for further reading and international examples this book is indispensable reading for all those studying issues of race and ethnicity across the humanities and social and political sciences

this text presents 30 previously published papers on medical sociology the study of the social causes and consequences of health and illness topics include social epidemiology the study of epidemics the sociological study of stress links between education and health the stigma of aids doctor

this book is designed to help bring about the desired transition to liberal democracy in south africa particularly as the deliberations about a permanent constitution get under way

this book explores the challenge of dismantling colonial schooling and how entangled power relations of the past have lingered in post apartheid south africa it examines the on the ground history of colonialism from the vantage point of a small town in the karoo region showing how patterns of possession and dispossession have played out in the municipality and schools using the strong political and ontological critique of decoloniality theories the book demonstrates the ways in which government interventions over many years have allowed colonial relations and the construction of racialised differences to linger in new forms including unequal access to schooling written in an accessible style the book considers how the dream of decolonial schooling might be realised from the vantage point of research on the margins this karoo region also offers an interesting case study as the site where the world s largest radio telescope was recently located and highlights the contrasting logics of international big science and local development needs this book will be of interest to academics and scholars in the education field as well as to social geographers sociologists human geographers historians and policy makers chapters 1 and 10 of this book are freely available as downloadable open access pdfs at taylorfrancis.com under a creative commons
