a practical guide to the famed medieval book of pre kabbalistic jewish magic freshly interpreted and revealed for the first time with
instructions on how to use the spells the sword of moses is one of the earliest jewish magic books which describes a rite for
adjuring angels to assist in controlling and wielding the sword of moses for magical purposes the rite involves a short period of
purification and then the adjuring of four sets of angels each higher than the last these angels in turn give the magician the power

to control the sword through a series of divine names that work as magical spells the spells 137 in all have a wide variety of uses including healing harm love sex exorcising demons divination and more this work was first translated by moses gaster in 1896 but he removed many of the spells making the text unusable for magic the magic of the sword of moses is the first book to show in detail exactly how a magician can use the sword how to do the purification ritual adjure the angels and pronounce and use the divine names for each spell

there have been a few versions of the sword of moses with various authors gaster version being the most famous all have one thing in common the words in the sword of moses the conjuration of the sword are encoded and unreadable which in my belief renders it useless as a workable system so in this book i have replaced theses words of power with a readable format which are as equal if not more effective than the original i hope you enjoy this version of the conjuration of the sword of moses

magic has exercised the deepest influence upon mankind from remote antiquity unto our own days it either formed part of the religion of the country as it was the case in ancient egypt and babylon and as it is now in some forms of buddhism tibet or lived an independent life side by side with the recognized religion in some instances it was tolerated or rendered less obnoxious by a peculiar subdivision into white or beneficial and black or evil magic or was downright persecuted wherever we go however and especially if we turn to the popular beliefs that rule the so called civilized nations we shall always and everywhere find a complete system of magical formulas and incantations the belief in the witch and wizard and their powerful filters and charms holds still stronger sway upon human imagination than appears at first sight
