theatre is an interpretive art based upon a director s emotional reaction to reading a play and imagining a production of that play before the audience experiences the production the director must go through a process part art and part craft to create it this book is intended to introduce undergraduate students with a solid theatre background to that process stevens includes chapters covering theatre and art the interpretation of the script composition and movement working with actors and matters of style each chapter contains exercises in order for students to consolidate what they have learned the complete text of john millington synge s riders to the sea is included as an example and study text and stevens relates many examples from his own rich directing background twenty production photos two sample floor plans and numerous diagrams round out the text the study of directing is a life long project and in this book stevens provides a basis for that study

thinking about art explores some of the greatest works of art and architecture in the world through the prism of themes instead of chronology to offer intriguing juxtapositions of art and history the book ranges across time and topics from the parthenon to the present day and from patronage to ethnicity to reveal art history in new and varied lights with over 200 colour illustrations and a wealth of formal and contextual analysis thinking about art is a companion guide for art lovers students and the general reader and is also the first a level art history textbook written by a skilled and experienced teacher of art history penny huntsman the book is accompanied by a companion website at wiley.com/go/thinkingaboutart

throughout the nineteenth century academies functioned as the main venues for the teaching promotion and display of art contemporary scholars have for the most part denigrated academic art calling it formulaic unoriginal and repetitious the contributors to art and the academy in the nineteenth century challenge this entrenched notion and consider how academies worldwide have represented an important system of artistic preservation and transmission their essays eschew easy binaries that have reigned in academia for more than half a century and that simply oppose the avant garde to academicism

we are living in the age of participation social media are exploding customer cooperation is sought in product development and customer content is even built into media but where is the art reflecting our times where are the artists making this kind of art who were their predecessors in this book the author traces the roots of participatory art from duchamp mondrian and moholy nagy via less well known artists like lygia clark and charlotte posenenske as well as via better known artists like joseph beuys and yvind fahlstrm to contemporary artists showing an interest in participation like olafur eliasson and antony gormley participation is the most important thing that has happened in art gormley said in 2009 what then is participatory art after around 40 years of practice the author tries to distill the essential principles in 10 suggestions for a manifesto most central is its focus on the unfolding creative moment itself and on the creativity of the spectator

mastering primary art and design introduces the primary art and design curriculum and helps trainees and teachers learn how to plan and teach inspiring lessons that make learning art and design irresistible topics covered include current developments in art and design art and design as an irresistible activity art

and design as a practical activity skills to develop in art and design promoting curiosity assessing children in art and design practical issues this guide includes examples of children's work case studies readings to reflect upon and reflective questions that all help to show students and teachers what is considered to be best and most innovative practice and how they can use that knowledge in their own teaching to the greatest effect the book draws on the experience of three leading professionals in primary art and design peter gregory claire march and suzy tutchell to provide the essential guide to teaching art and design for all trainee and qualified primary teachers

this is an analytical survey of the thought about painting and sculpture as it unfolded from the early eighteenth to the mid nineteenth centuries this was the period during which theories of the visual arts particularly of painting and sculpture underwent a radical transformation as a result of which the intellectual foundations of our modern views on the arts were formed because this transformation can only be understood when seen in a broad context of cultural aesthetic and philosophical developments of the period moshe barasch surveys the opinions of the artists and also treats in some detail the doctrines of philosophers poets and critics barasch thus traces for the reader the entire development of modernism in art and art theory

from the glories of the high renaissance in italy to the emotional visions of the romantics and from the groundbreaking techniques of the impressionists to the radical canvases of the abstract expressionists this book provides a fascinating look at the major movements in the history of western painting a clear chronological structure allows the reader to see each movement in its historical context and to appreciate the patterns which emerge the historical framework shows the extent to which the powers of royalty religion and revolution have exerted their influence in the artistic sphere from the sacred beauty of botticelli's birth of venus to the revolutionary realism of david's death of marat this book reveals the very best of the visual adventure that is western painting great artists change the way we look at the world and this book is a beautifully illustrated summary of painting's greatest works more than 160 beautiful reproductions
