in western religious traditions god is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history yet there is a concurrent and strong tradition of a god who actively hides the two traditions have led to a tension between a god who is simultaneously accessible to humanity and yet inaccessible a god who is both immanent and transcendent present and absent western gnostic esoteric and mystical thinking capitalizes on the hidden and hiding god he becomes the hallmark of the mystics gnostics sages and artists who attempt to make accessible to humans the god who is secreted away histories of the hidden god explores this tradition from antiquity to today the essays focus on three essential themes the concealment of the hidden god the human quest for the hidden god and revelations of the hidden god

this book is one philosopher s response to the poetry of r s thomas it examines the poet s struggle with the possibilities of sense in religion r s thomas has described his poetry as an obsession with the possibility of having conversations or linguistic confrontations with ultimate reality some attempts at giving meaning to religious belief cannot withstand the assaults of criticism in r s thomas s verse however there emerges a hard won celebration of the worship of a hidden god a rare achievement in contemporary poetry in plotting the course of the development of the poetry the book brings out its many similarities with the thrusts and counter thrusts of argument in the philosophy of religion in the second half of the twentieth century the book should be of interest not only to admirers of r s thomas but to philosophers theologians students of literature and to anyone concerned with questions concerning the sense or senselessness of religious belief

the presence of evil in a world said by god to be good is perhaps humanity's most vexing challenge where is god in all this is a universal cry the answers are as numerous and varied as those offering them but little is accomplished it seems to ease the pain of a god who doesn't behave according to law logic or rationale into this melee martin luther waded with his distinction between god preached and god not preached and hiding though not always appreciated luther's thought speaks to the various dimensions of the problem and proclaims a definitive answer martin luther's hidden god traces the origins of luther's thought on the matter explores how his teaching compliments and conflicts with the teaching offered by certain post reformation lutheran theologians and philosophers of religion before distilling his thought into a preliminary apologetic for the problem of evil and divine hiddenness that spans the breadth of the issue from a uniquely lutheran perspective

the concept of world visions first elaborated in the early work of georg lukàcs is used here as a tool whereby the similarities between pascal's *pensées* and kant's critical philosophy are contrasted with the rationalism of descartes and the empiricism of hume for lucien goldmann a leading exponent of the most fruitful method of applying marxist ideas to literary and philosophical problems the tragic vision marked an important phase in the development of european thought from rationalism and empiricism to the dialectical philosophy of hegel marx and lukàcs the book is not a collection of isolated essays on kant pascal racine the status of the legal nobility in seventeenth century france and the exact nature of the religious movement known as jansenism but an attempt to formulate by an examination of these different topics a general approach to the problems of philosophy of literary criticism and of the relationship between thought and action in human society

the ways of god are not our ways and the spiritual life is almost the contrary of what we fancy it so declares author luis martinez the mexican bishop and mystic whose wise

spirituality rooted in st john of the cross and st therese of lisieux shows you here how to enter into an intense sustained communion with god bishop martinez doesn t offer new rules of prayer or demand that you abandon the forms of meditation that suit you he simply reminds you that our god is a hidden god to find him says martinez we have to seek him but through his ways not ours if we do that the gaze of faith will always find him right where he hides in the spiritual desolation that led us wrongly to believe he was far away martinez shows you how to live in the obscurity of faith detached both from consolations and desolations and why this is best for your soul the christian who learns to do this leaves behind the perturbations of the world that shake the faith of those who don t in the obscurity of faith the divine master will listen to you speak to you and instruct your soul but without the noise of words says martinez once you know how to profit from faith and to live by faith you will always find god you will have solved your problem you will have discovered the great secret of the interior life let these pages teach you that secret
