an exciting action adventure for both the young and old the serenity of a spring morning encompassing ebony castle and its surrounding village suddenly becomes chaotic when out of a clear blue sky comes a fire breathing creature of destruction the creature none other than a fabled dragon a myth made up through the years by the old ones to awe and thrill the children yet here is the dragon belching tongues of fire that shatter the hard stones of the castle like they are made of sand when i return to check my snares the sun s dwindling light is casting long shadows of the trees across the crystallized snow and to my dismay i find five of the snares empty but when i approach the sixth and find a rabbit caught in it i hurry forward to claim my dinner suddenly a sound causes me to glance up and see a gray shape launch itself from a mound of snow when with a terrifying growl an enormous gray wolf of almost my own weight strikes me with enough force to splay me face down in the snow and clamp its jaws onto my shoulder suddenly an unbearable pain courses through me as the wolf s fangs dig deep into my flesh two into my chest and two into my back my complete right shoulder deep inside the wolfs maw with a quick motion of his head the wolf tries to tear the flesh from my bones and if it had not bitten over the bone it surely would have succeeded the fear of what is happening arouses a strength in me i don t know i had as i push to my knees and grab the snout of the wolf s open jaw and yank the fangs from my chest while with the other hand i reached over my shoulder to claw and pull on the wolf s ear until i feel my thumb in the jelly like softness of its eye and squeeze with a howl of pain the wolf jumps clear of me but before i can make a move i am aware of at least four other gray shapes bearing down on me almost instantly a howl of pain escapes my own lips when another of the gray shapes clamps its jaws onto the calf of my left leg causing a river of fire to run through me its fangs deep into the flesh trying to tear the meat away now everything seems to be moving in slow motion and i see the wolf with the eye i gouged limping away while the huge gaping jaws of another is hurtling towards my head behind me over my shoulder i also ss the other wolf savagely tearing at the calf of my leg while my blood sprayed out to cover the snow for a large area around me suddenly a beam of bright light about the thickness of a good staff shoots from the pouch i carry the crystal in and strike the wolf hurtling towards my head in that instant the gray form disintegrates in a shower of sparks and is no more over my shoulder the wolf tearing at my leg also disappears as in succession the beam lash out until all the wolves are vanquished and silence fills the forest astounded by this sudden turn of events i fall forward onto the snow as the pain wells up in me until i lose consciousness some time later i awake to find my body shaking uncontrollably with cold the blood in my veins like

it s turned to ice in the darkness of the forest i can see where my blood stains the snow and realize i lost a lot of blood and my body is racked with fever no matter i know i must move away from this place where the scent of the blood will attract more wolves and with all the strength i can muster i crawl to a nearby tree and pull myself up only to find i can t put weight on my left leg however i do manage to hold on and break a good size branch from the tree to use as a staff then in my delirium hobble forward using the staff to help drag me along
