whosoever would save his soul shall lose it this book is an exploration of this law in relation to man s quest for psychological and intellectual certainty in religion and philosophy

considers the contributions and contemporary significance of alan watts

a rich history harding writes with energy and insight wearing a tremendous amount of learning lightly rana mitter financial times this rich and enjoyable book by the acclaimed author of japan story explores the many ways in which asia has influenced europe and

north america over centuries of tangled dynamic encounters from the time of the ancient greeks onwards the west s relationship with asia consisted for the most part of outrageous tales of strange beasts and monsters of silk and spices shipped over vast distances and an uneasy sense of unknowable empires fantastically far away by the twentieth century much of asia might have come under western rule after centuries of warfare but its intellectual artistic and spiritual influence was fighting back the light of asia is a wonderfully varied and entertaining history of the many ways in which asia has shaped european and north american culture over centuries of tangled dynamic encounters and the central importance of this vexed often confused relationship from marco polo onwards asia has been both a source of genuine fascination and equally genuine failures of comprehension china india and japan were all acknowledged to be both great civilizations and in crude ways seen as superseded by the west from chicago to calcutta and from antiquity to the new millennium this is a rich involving story of misunderstandings and sincere connection of inspiration and falsehood of geniuses adventurers and con men christopher harding s captivating gallery of people and places celebrates asia s impact on the west in all its variety

it is said if you answer one question ten others pop up in its place not only in philosophical mapping is it true the questions multiply even more for all who look in the god domain questions may seem similar but the diversity of human experience and the cultural milieu tend to make one think things are actually different language systems meeting and knowing god varies for societies diversity varies within societies religious intuitions family traditions and an untold more make god communication very difficult underneath them all they are basically the same this book on meeting god is not intended to answer questions it is for the thinking person who has spent a lifetime of examination of oneself and the larger world we ask with you the reader and do not tell because we are like you studying the issues we offer an open question format we are not silly enough to think there are absolute answers we suggest information until something better comes along on the journey the task is to search and to research some more until we feel comfortable with a place where we have sought this may be at the same place where we have started or arrive at a strange place which we never thought existed before our exploration began

the 2016 us presidential election exposed rising xenophobic and nationalist sentiment within the united states and other democratic countries as populist movements grow democratic freedoms erode we resist demonstrates that the things we often take for

granted safety family employment health a promising future are under attack and we must fight to preserve these resources before it's too late we are currently witnessing the dismantlement of social programs growing disinterest in international cooperation and the devaluation of evidence based knowledge this disturbing shift in politics is leading to increased national security measures violations to basic human rights and widening social and economic inequalities the rise of far right populism brings with it intolerance of ethnic sexual and all other minority groups and a rejection of democratic society we resist gathers the compelling perspectives of scholars and activists who are deeply embedded within political and community struggles who participate in policy decisions and who are engaged in research that advances those struggles an essential and timely book we resist confronts the problems we face as a human community and impels a cross sectoral movement to defend our rights and revitalize the common good

is our search for happiness futile or are we just going about it the wrong way oliver burkeman turns decades of self help advice on its head and paradoxically forces us to rethink our attitudes towards failure uncertainty and death it's our constant efforts to avoid negative thinking that cause us to feel anxious insecure and unhappy what if happiness can be found embracing the things we spend our lives trying to escape wise practical and funny the antidote is a thought provoking counter intuitive and ultimately uplifting read celebrating the power of negative thinking burkeman has written some of the most truthful and useful words on happiness to be published in recent years guardian

the pennington name while remains somewhat ambiguous due to misspellings is believed to exist before 1066 and all data has been traced through various names religious records and migrations the true identity of alan pennington's wife still is not known but his three sons have been documented family records and events became more accurate after 1464 with sir john pennington to this day more and more is being discovered about muncaster castle including its growing importance to the romans during the roman occupation of western europe muncaster's history has been one of the most interesting in all of england and the pennington name is one of the oldest

the 2nd edition of great debates on the european convention on human rights encourages deep and critical engagement with the convention the court and the european system for human rights protection the european convention on human rights echr is widely hailed as the most successful regional human rights instrument the decisions of its european court

of human rights ecthr are cited all around the world and every year tens of thousands of people turn to the court for relief and aid when they consider their human rights have been violated in each of the 46 countries contracted to the convention the echr has an everyday impact shaping law and public policy and being argued in domestic courts law schools in the uk and europe generally focus on the case law of the convention and approach it on an article by article basis this grounding in the convention the jurisprudence of the court and the emerging contestations around whether the convention properly protects the rights of marginalised and vulnerable groups is a vital foundation for understanding the convention however the law relating to the echr is voluminous and many courses are only able to concentrate on some of the most well known case law and some topics of particular contention such as lgbtqia rights states of emergency and freedom of the press great debates on the european convention on human rights builds upon the nuts and bolts grounding in the convention and workings of the court it offers a unique thematic approach to thinking and learning about the convention each of the key debates is illuminated by taking a wide lens on the echr some points of contention are illustrated by reaching across articles others by examining national and international arenas and still others by exploring the echr s organisational structure and working practices

instead of immediately focusing on what to do the first section of the book principles asks detailed probing questions about you knowing yourself and what makes you tick is the first step to getting the career you want using the unique ego styles theory which the author has used to great success with her own clients the book can identify the ways in which you could be blocking your own success in life and career

a bancroft prize winning historian chronicles the modern history of impeachment and the shift in american politics and constitutional culture revealed by its evolving interpretation and use
