this book seeks to expose inconsistencies by so called christian leaders through one woman s unique story

the information that i have presented in these writings is possibly controversial to the belief of others in my search for bible truth i have derived from others many of the conclusions found within these biblical subjects with each subject i have insisted on positive proof by finding

supporting scriptures that prove their meaning by doing extensive search of the scriptures i believe the things written here are closer to bible truth than what others have found i was prompted to get a better understanding of the scriptures by the fact that there are so many different beliefs being taught in the christian churches i have tried to keep an open mind about those things that i have heard from the many ministers of the churches that i have attended i have always been with the idea that if one just accepts what you are being told in these churches there is a danger because you are putting your salvation in anothers hands i have come to believe there are many false ideas being taught by those ministers of the christian belief i believe those ministers are sincere with their teaching but i also believe they in many ways have it wrong i have considered the old saying if you are being led by a blind man and he falls into the ditch you also will fall into that ditch i feel strongly that each one of us is responsible for our own salvation by hopefully getting it right the things i have written are my opinion and one must decide upon reading if it agrees with your understanding for many years i have done extensive study of the scriptures and believe i have found a more truthful understanding of those scriptures i believe in what i have found so strongly that i feel i must tell others

at my birth in norfolk virginia september 24 1938 my mother june prayed i would become a teacher or minister now at 72 years of age after 45 years as a pastor teacher and missionary i can thank her for her prayers for they were fulfilled beyond her most hopeful dreams i look back on 60 years of biblical studies beginning when i first completed reading the king james bible at the age of 12 i have been in love with the scriptures and reading writing in general and always wanted to publish a new edition of the new testament

this book uses the new world translation of the holy scriptures to prove that all the teachings of jehovah s witnesses concerning the last days and the good news of salvation are unscriptural the author an elder of jehovah s witnesses for 40 years shares the results of the last ten years of his research into such watch tower teachings as the 1914 invisible presence of christ the overlapping generation doctrine the failed prophecies of 1925 and 1975 the fact that the governing body had evidence long ago showing that 607 bce was not the date of the babylonian exile and most important of all the abundant evidence that the salvation hope offered to the jw other sheep is a rutherford invention wholly without support in scripture he also shares his experience on how witnesses who continue to believe in jehovah and jesus can move beyond jw org without sacrificing their faith this is a must read for any jehovah s witness who is a seeker of

truth and unafraid to put his or her beliefs to the test

to win the confidence of intelligent living creatures god must be true he must be faithful to his promise reliable regarding his prophecies and harmonious with proved scientific facts there is such a god of truth but not only have those who are his outspoken enemies tried to discredit him but also most of those who claim to be his servants priests and ministers these religious hypocrites have gone so far as to pit their word their wisdom philosophies predictions and plans against god s word law and purposes so in this day when all unfounded theories and systems are being shaken from top to bottom the issue has now become who is to be found true god or man

includes section reviews of recent theological literature

imagine that you could really understand the bible that you could read analyze and discuss the book of genesis not as a compositional mystery a cultural relic or a linguistic puzzle palace or even as religious doctrine but as a philosophical classic precisely in the same way that a truth seeking reader would study plato or nietzsche imagine that you could be led in your study by one of america s preeminent intellectuals and that he would help you to an understanding of the book that is deeper than you d ever dreamed possible that he would reveal line by line verse by verse the incredible riches of this illuminating text one of the very few that actually deserve to be called seminal imagine that you could get from genesis the beginning of wisdom the beginning of wisdom is a hugely learned book that like genesis itself falls naturally into two sections the first shows how the universal history described in the first eleven chapters of genesis from creation to the tower of babel conveys in the words of leon kass a coherent anthropology a general teaching about human nature that rivals anything produced by the great philosophers serving also as a mirror for the reader s self discovery these stories offer profound insights into the problematic character of human reason speech freedom sexual desire the love of the beautiful pride shame anger guilt and death something as seemingly innocuous as the monotonous recounting of the ten generations from adam to noah yields a powerful lesson in the way in which humanity encounters its own mortality in the story of the tower of babel are deep understandings of the ambiguous power of speech reason and the arts the hazards of unity and aloneness the meaning of the city and its quest for self sufficiency and man s desire for fame immortality and apotheosis and the disasters these necessarily cause against this background of human failure

part two of the beginning of wisdom explores the struggles to launch a new human way informed by the special abrahamic covenant with the divine that might address the problems and avoid the disasters of humankind's natural propensities close eloquent and brilliant readings of the lives and educations of abraham isaac jacob and jacob's sons reveal eternal wisdom about marriage parenting brotherhood education justice political and moral leadership and of course the ultimate question how to live a good life connecting the two parts is the book's overarching philosophical and pedagogical structure how understanding the dangers and accepting the limits of human powers can open the door to a superior way of life not only for a solitary man of virtue but for an entire community a life devoted to righteousness and holiness this extraordinary book finally shows genesis as a coherent whole beginning with the creation of the natural world and ending with the creation of a nation that hearkens to the awe inspiring summons to godliness a unique and ambitious commentary a remarkably readable literary exegesis and philosophical companion the beginning of wisdom is one of the most important books in decades on perhaps the most important and surely the most frequently read book of all time
