the title of this 1955 book refers to a story about a visitor to new york who admired the yachts of the bankers and brokers naively he asked where all the customers yachts were of course none of the customers could afford yachts even though they dutifully followed the advice of their bankers and brokers full of wise contrarian advice and offering a true look at the world of investing where are the customers yachts continues to open the eyes of investors to the reality of wall street today leo gough s interpretation of where are the customers yachts illustrates the timeless nature of fred schwed s insights bringing them to life through 52 modern case studies this brilliant interpretation is an entertaining accompaniment to one of the most eye opening books on investment ever written publisher description

in 1940 fred schwed jr wrote a book about investing called where are the customers yachts the book begins with the following lines once in the dear dead days beyond recall an out of town visitor was being shown the wonders of the new york financial district when the party arrived at the battery one of his guides indicated some handsome ships riding at anchor he said look those are the bankers and brokers yachts where are the customers yachts asked the naive visitor the theory presented here explains why the customers yachts were not more conspicuous when fred schwed wrote his famous book and why they probably won t be in the future it also shows why bankers brokers or

anyone else perceived as having valuable information will just naturally attract money

stockbrokers earn money from every trade whether it is profitable or not how can the average investor profit from swings in the market learn here

leo gough's interpretation of where are the customers yachts illustrates the timeless nature of fred schwed's insights by bringing them to life through 52 modern case studies this brilliant interpretation is an entertaining accompaniment to one of the most famous books on investment ever written

why are the smartest most successful professionals so often failures when it comes to investing can stock prices really be so illogical that even doctors and lawyers can't figure them out ultimately is it possible for anyone to decipher the financial markets fortunately the answer is yes in investing in one lesson investment guru mark skousen clearly and convincingly reveals the reasons for the seemingly perverse unpredictable nature of the stock market drawing upon his decades of experience as an investment advisor writer and professor dr skousen explains in one spirited easy to follow lesson why stock prices fluctuate with such apparent irrationality
