the series iii land rovers enjoyed a long production run of nearly fifteen years taking over from the series iia types in 1971 the book follows its predecessor land rover series ii and iia specification guide in trying to establish how its subject vehicles would have been when they were new compiled over a period of more than thirty years the book draws on extensive reference material from land rover itself and on the observations and knowledge of an army of enthusiasts the complete specification guide to series iii land rovers produced from 1971 to 1985 covers vehicle identification and specification changes options on standard models and special equipment conversions and forward control models overseas models and markets military and lightweight models

torque technical tips books are a must for range rover classic enthusiasts there

are two volumes in this series which totals over 700 pages of expert technical tips for Land Rover's Range Rover Classic spanning from 1977 to 1992 and have been collated from the club magazine of one of the oldest Range Rover clubs around the Range Rover Club of Australia Victoria branch. Volume 1 has 373 pages and takes tips and articles dated between 1977 and 1986. Contributions come from a mix of Land Rover mechanics and club enthusiasts and include how these wonderful cars work, getting home if you break down in the middle of nowhere, we call it bush mechanics in Australia, modifications, off-road driving and recovery techniques and many more. The wealth of knowledge from the club that was formed in 1977 is immense. It's still going strong and still has some of the original members.

Innovation in Marketing is a unique collection of empirical material describing both systems innovation and the launch of new products. This ranges from the development of new high-tech items such as the organiser from Psion to the transfer of a major brand such as Virgin Direct to a new market. Based on this, the authors have developed a clear analytical model for managing innovation with a marketing perspective. Doyle and Bridgewater illustrate the key themes using case materials and the entirely new new work it contains on the linkage between innovation and shareholder value. This gives the student and professional a new decision-making perspective. The key themes that structure the book are marketing and innovation, the model innovation and strategy, marketing strategies and shareholder value, best practice in innovation management, effectiveness in innovation.

The Series III Land Rover further developed the successive refinements of the Series I, II and IIA models yet remained true to its original design as a utility vehicle for farmers, one that could be repaired and maintained with the minimum of specialist tools. It rapidly built up a worldwide reputation for rugged capability which led to it being adopted by police forces and armies worldwide. The book describes the step-by-step development of the Series III so the potential buyer becomes aware of each model's individual strengths and weaknesses. Having chosen your preferred model, you are professionally guided through important aspects of the retail market and given clear instructions on where and how to check for problems before you buy. You will also be equipped to test-drive your potential purchase with competence. Running and maintenance costs are realistically appraised and a comprehensive checklist is provided to aid you through the evaluation process. With over 100 colour photographs integrated into the concise and informative text, this book really is the expert in your pocket.
